1. Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

During the 2025-26 school year, the EPMS School Site Council met five times. The SSC met on September 15, 2025, November 3, 2025, January 26, 2026, March 23, 2026, and May 4, 2026. The SSC provided feedback and input for the 2026-27 LCAP and assisted with goal development on January 26, 2026 and March 23, 2026.

On April 15, 2026, staff of EPMS completed a survey asking for their feedback and perspectives as part of the 2026-27 LCAP Needs Analysis.

On May 4, 2026, students of EPMS completed a survey asking for their feedback and perspectives as part of the 2026-27 LCAP Needs Analysis.

In April 2026, parents/guardians were sent a link to a survey asking for their feedback and perspectives as part of the 2026-27 LCAP Needs Analysis.

On November 3, 2025, January 26, 2026, and March 23, 2026 LCAP Metrics were shared with the School Site Council, and on January 7, 2026 and February 11, 2026, LCAP Metrics were shared with the Site Leadership Team.

The EPMS ELAC Committee conducted LCAP Needs Assessments on August 20, 2025 and October 15, 2025. The EPMS ELAC Committee provided input and feedback on the 2026-27 LCAP on March 10, 2026.

February-March, 2026, the EPMS staff had the chance to submit budget requests related to the four strategic goals of the LCAP.

2. Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

Stakeholder input and feedback were fully incorporated. First, we will continue providing academic support for English Learners through after-school tutoring and strengthen the Multilingual Learner PLC by dedicating after-school hours to meet and discuss student needs. In addition, we will implement an attendance improvement campaign designed to inform and partner with parents to increase overall student attendance. Furthermore, we intend to increase opportunities for students and families to connect with the school during and after school hours. Finally, we are committed to maintaining a focus on high-quality instruction by supporting staff release time and professional development.

Resource Inequities (ATSI, TSI and CSI designated schools only)

Briefly describe any resource inequities identified by the site needs assessment.
Definition: A resource inequity is a change you will make from your past practice to a new innovation to improve support for your most at-risk students. This change could include reallocating resources such as staff, funding, time, space, etc.

There were no resource inequities discovered. We had funding to assist the various subgroups on campus.

Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site's goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.

EPMS has below 40% of enrollment of unduplicated pupils. The most economical use of funds is to include low performing and struggling students into intervention classes, utilize the PLC model to make curriculum accessible for all, and to create tutoring opportunities outside the school day to assist students. In addition, Honors, AVID, and high school linked electives are available to all students.
