Stakeholder Engagement

1. Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

The Las Flores staff, students and educational community worked together to review and analyze 2025-2026 LCAP plan and its impact on student learning as it relates to the Eight State Priorities and EGUSD's Strategic Goals with regular meetings held throughout the year to discuss actions and services that would appropriately support students and teaching. Staff members were provided with a survey to seek input for goal setting for the 2026-2027 school year. Our PBIS Tier I Team met regularly to track student data and completed the PBIS Fidelity Inventory to assess our progress towards our goals and developed a Tier II team.

During student/parent/community input meetings, site data was shared, and members' feedback was solicited. Our School Site Council and ELAC groups reviewed data related to EGUSD's Strategic Goals and our progress toward these goals. Both groups provided input and suggestions based on student data that provided valuable input for creating this year's LCAP.

The following were opportunities for stakeholders to be a part of the evaluation process for this LCAP/Annual Review and Analysis:

School Site Council: 9/18/26, 11/13/26, 1/22/27, 4/17/27, 5/21/27

ELAC Meetings: 9/18, 10/30, 4/16

Staff meetings - every Wednesday

Back to School Night/Title 1 Meeting: 8/27/26, and Open House 4/29/27:

Input was also sought through ongoing stakeholder and parent communication and through additional family nights and other school

functions/events.
Additional data was reviewed with our educational partners throughout the year. This data included: Graduation Rate data Test score data (Edgenuity, CAASPP, and Illuminate data) Attendance data Discipline data MTSS referral data Progress towards English proficiency rates Family Engagement data from family nights California Healthy Kids Survey Data PBIS data WASC self study data Senior Survey data

2. Impact of LCAP and Annual Update
How did these consultations affect the LCAP for the upcoming year? The conversations with staff, students and families guided the setting of goals and spending priorities for the following year. Funding the following areas were suggested: Continue funding Extended Learning Opportunities/Tutoring/Art Classes/in person PE class. Student and Family Engagement Activities including family events and meetups (field trips) and collaboration with educational partners. Professional development for all staff to support virtual student learning. Expand College/Career support for students including field trips and job fairs. Focus on increasing student attendance and engagement. Culturally relevant guest speakers, assemblies, field trips to increase engagement and attendance. Continue to update campus to create a welcoming and engaging climate.

Resource Inequities (ATSI, TSI and CSI designated schools only)

Briefly describe any resource inequities identified by the site needs assessment. Definition: A resource inequity is a change you will make from your past practice to a new innovation to improve support for your most at-risk students. This change could include reallocating resources such as staff, funding, time, space, etc.
Las Flores is designated as a TSI school.
