

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Calvine High School

Address: 8333 Vintage Park Dr, Sacramento, CA 95828
Principal: Tobi Page

Phone: 916-689-7502
Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Calvine High School is a second-chance learning community dedicated to the academic re-engagement and personal wellness of its students. As an alternative setting, we offer a supportive learning environment with engaging classrooms that deliver rigorous standards-based instruction. Our Positive Behavioral Interventions and Supports (PBIS) program has two tiers of support, which foster a warm and supportive school community.

In collaboration with individuals and community organizations, Calvine High School maintains strategic partnerships to broaden student learning opportunities. Our instructional program encompasses two career technical education (CTE) Pathways: Information Technology Support Specialist (ITSS), Mechanical Systems Installation and Repair, and a complete Visual Arts program and English Language Learner support.

As a Title I school, Calvine High School is eligible for additional federal funding to create programs that enhance student academic achievement and overall wellness. Emphasizing the importance of strong parent and community involvement, we actively encourage Calvine families to participate in school site council and Title I meetings, which provide a platform to discuss and contribute to student support programs.

At Calvine High School, we prioritize the safety and success of our students, grounded in our core values of being Considerate, Productive, and Responsible.

We look forward to partnering with you,
Dr. Tobi Page
Principal of Calvine High School

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2020 - 2021)

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

This school has 11 classrooms, a multipurpose room, and an administration building. The main campus was built in 1991.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. A summary of these standards is available at the school office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Summer of 2019, the roof was replaced on all Calvine classrooms and buildings. Fall of 2021, the shop building was renovated for the Mechanical Systems Installation and Repair Program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2023 - 2024)

Our school prepares students to succeed in real-world contexts by developing conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers have directed efforts toward establishing school-to-work structures within curricular areas for all students, including those with special needs. Advisors/Guidance Counselors offer additional support. Calvin CTE Pathways: Mechanical Systems Installation and Repair- The pathway curriculum covers installation and repair of plumbing, Heating/Ventilating and Air Conditioning (HVAC), and other skilled trades that residential and commercial construction utilize. IT (Information Technology) Support Specialist - Prepares students for careers in computer technical support. The program curriculum consists of the Google IT Support and Professional Certificate, which provides training for the professional workplace. In addition, students learn cybersecurity skills and web development. In addition to the pathways, Calvin High School is structured to provide credit remediation to help students complete district and state graduation standards.

School Safety Plan (School Year 2024 - 2025)

Safety is our highest priority in order to maintain order and the instructional environment. In November 2024, our staff reviewed and updated our School Safety Plan, emphasizing student safety before, during, and after school. The office houses the "Emergency Handbook," which outlines a plan of action for emergencies such as earthquakes, fires, floods, campus intruders, and chemical spills. The district's Police Services Department works closely with our school site to provide all students with a safe, secure environment. A gated fence encloses the campus perimeter to ensure safety and protection during school hours. Before visiting the Calvin campus, visitors must be cleared by the Calvin Administration. All visitors are required to sign a visitor log-in to the main office.

Professional Development

The district provides a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our staff development focuses on developing formative and summative assessments and classroom instructional strategies. Every Monday is an early release day, which provides Calvine Staff focused time to work with district coaches on instructional and wellness programs.
