School Accountability Report Card
Reported Using Data from the 2020 - 2021 School Year
Published During 2021 - 2022

For: Cosumnes Oaks High School

Address: 8350 Lotz Pkwy, Elk Grove, CA 95757
Principal: Juan Jauregui

Phone: 916-683-7670
Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2021 - 2022)

Cosumnes Oaks High School (COHS), the Elk Grove Unified School District's ninth comprehensive high school, opened in August 2008. The COHS complex includes its primary feeder school: Elizabeth Pinkerton Middle School. COHS is committed to challenging students by providing varied and rigorous curricula. In addition, we support student success through a comprehensive academic guidance and support program and personalized educational planning for college and career.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

COHS encourages parents to take an active role in their child's education by visiting the school, regularly communicating with teachers, and monitoring their child's academic progress. The school's booster club recruits parent and community volunteers to assist with campus events, clubs, and programs. Parents and community members are encouraged to join one of Cosumnes Oaks High School's parent organizations that include the Wolfpack Booster Association, School Site Council, Parent Advisory Council, or one of the many athletic and arts parent booster boards.

COHS is proud of the rigorous standards-based curricula; in this way, we can provide all Wolfpack students with the necessary tools for college, career, and life readiness. Industry Sector Standards guide multiple High Quality Academies and Pathways which focus on Career Connected Learning: Culinary Arts, Broadcast Journalism, Graphic Design, Architectural Design and Engineering, Robotics/Coding, AP Capstone, Visual and Performing Arts, and Medical Careers. In addition, COHS offers a wide variety of AP courses. Our collaborative efforts with Los Rios Community College provide the opportunity for many students to earn college credits while still in high school.

The implementation of the Focus on College and Career freshman course, which was integral in our school's recognition by the State of California as a Gold Ribbon School, again received a Bronze Medal from Academic Innovations. The data driven success of the program now drives our school wide Advocacy program that focuses on life readiness.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2019 - 2020)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2021 - 2022)

Cosumnes Oaks High School opened in 2008. The school has seventy classrooms, twelve science rooms, a career center, and a full stadium and track facility. The school has a commercially-fitted Culinary Arts building, 700-seat Performing Arts Theater, as well as a 280-seat Black Box Theater. The school also has a Medical Careers building, and simulation clinic room for the Medical Careers Pathway. The school shares a 12,000 square foot library with Elizabeth Pinkerton Middle School. There are two gymnasiums, a band and choir room, and a broadcasting studio.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Recent Modifications have been completed for the following classrooms with the support of grant funding: Broadcast Studio upgrade, worker space for the Robotics Pathway, remodel of the Graphic Arts classroom to include technology. An additional two classrooms for the medical pathway as well as a simulated clinic room.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020 - 2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
 - Available to students in grades 3 through 8, and grade 11; and
 - Uniformly administered across a grade, grade span, school, or district to all eligible students.
- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;
 - Other assessments meeting the SBE criteria; or
 - Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
 - **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Career Technical Education Programs (School Year 2021 - 2022)

Career Technical Education (CTE) provides opportunities for COHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Guidance and career counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile. COHS provided the Get Focused...Stay Focused anchor class for all 9th-grade students. Each student creates a 10-year plan that focuses on college, career, and beyond. COHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs. CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at COHS also allow students to meet graduation and A-G requirements. In 2021-22, COHS offered one CPA, the Culinary Arts Academy. HQCPs at COHS include Architectural Design and Engineering, Digital Communications, Broadcast Journalism, Explore CTE Culinary Arts, Robotics and Programming, and Medical Careers. EGUSD's Department of College and Career Connections supports COHS's CTE programs through strategic planning, oversight, and professional development. Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, or other means. Our CTE programs are evaluated through multiple measures: the number of students completing a CTE pathway, graduation rates, A-G completion rates, GPA, and attendance. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2021 - 2022\)](#)

Cosumnes Oaks High School provides multiple opportunities for parents to access resources: Synergy e-mail, counseling, Facebook, administration, and communicating with teachers. Our Family & Community Engagement team coordinates a yearly Parent Education Series. The Wolfpack Booster Association recruits parent volunteers to assist with campus events and activities including athletic/music programs. In August, the school recruits parents for membership on School Site Council. Call 916-683-7670 and speak with our school secretary, Francisca Diaz.

School Safety Plan (School Year 2021 - 2022)

Cosumnes Oaks High School provides a safe and positive learning environment for all students. Staff members maintain high expectations for appropriate and respectful student behavior. We reviewed and updated our School Safety Plan in August 2021. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. PBIS Tier I and II staff members promote safe choices and conflict resolution on campus. Cosumnes Oaks High School is a closed campus. There is limited access during school hours; visitors must enter through the Administrative Office or Student Services and register as well as wear a badge identifying as a visitor. The school has security personnel on campus from 7:00am to 4:30pm daily.

Professional Development

Teachers and staff are dedicated to improving their skills to meet the needs of our students. Cosumnes Oaks High School received a six year accreditation from the Western Association of Schools and Colleges in 2017-2018. There are at least three late start meeting dates per month devoted to Professional Learning Communities. A majority of staff meetings include 80% professional development. A few are as follows: Equity and Implicit Bias, Suicide Awareness, Mandated Reporter, Constructive EL Student Interaction, Positive Behavior Intervention & Supports, Restorative Practices, and Norming Student Behavior Referrals. Outside professional development includes LINK Crew, Next Generation Science Standards, Positive Behavior Intervention, and Support, Restorative Practices, Music Conference, Integrated Math, and Advanced Placement Course Conferences, Career Connected Learning, and Focus on College and Career.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
