School Accountability Report Card
Reported Using Data from the 2020 - 2021 School Year
Published During 2021 - 2022

For: Elk Grove Charter School

Address: 10065 Atkins Dr, Elk Grove, CA 95757
Principal: Marc Lavine

Phone: 916-714-1653
Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2021 - 2022)

The Elk Grove Charter School is committed to creating individualized educational opportunities for students by combining classroom instruction, independent study instruction, and community and workplace educational experiences. This educational approach is for students who seek an alternative to the traditional classroom-only instructional approach of comprehensive and continuation high school programs.

Elk Grove Charter School supports the district's mission of providing a learning community that challenges all students to realize their greatest potential, through the Expected Schoolwide Learning Results (ESLRs). These expectations are students will become:

- Academic Achievers
- Self-Directed Learners
- Effective Communicators
- Productive Workers
- Responsible Citizens

Our success in implementing our district's mission can be evidenced through our educational model's strengths. This includes individualized learning plans developed for each student; English, math, and science and social science workshops for 7th-10th grade students; a flexible independent study format that allows students to pursue their assignments creatively and independently; supplemental classes; and open labs designed to enhance learning. Parental support and involvement are important aspect of the success of Elk Grove Charter School and is facilitated through quarterly Advisory Council meetings. These meetings assist Elk Grove Charter School in making critical decisions about instructional goals and the scope of our program.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2019 - 2020)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2021 - 2022)

Elk Grove Charter School has one building that was built in 2010. Instruction at this site began in the 2010-11 school year. The building has six direct-instruction classrooms, a teacher work area/kitchen, administrative office, and one large classroom holding 14 individual cubicles for independent study appointments. The direct-instruction classrooms include a computer lab with 24 desktop computers, an art room, science lab, and three generic direct-instruction classrooms. In addition to the building, the school has a large playing field and two full size basketball courts. There is a sitting area with six picnic tables and a large shade structure that was built in 2013. Other additions to the facility since its original construction include four storage sheds, and security fencing around the perimeter of the school.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school building, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes an electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodian work with the site administrator to develop a daily cleaning process and schedule. Each day the custodian inspects the school and makes or reports needed repairs. Restrooms are inspected to ensure they are adequately stocked, safe, and sanitary. A monthly inspection is conducted and forms are submitted to administration. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Facilities projects at EGCS are developed through communication with all stakeholders and approved by the school's advisory council. EGCS follows all EGUSD site modification and facilities planning procedures. The school works with district level staff on potential future modifications. Currently, the school is working to expand its facility in order to increase capacity. The school along with district and outside personnel have completed initial facility plans.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020 - 2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2021 - 2022\)](#)

As a public charter school, we are governed by the EGUSD Board of education with input from the school's Advisory Council. Advisory Council Meetings are held quarterly with participation from parents/guardians, staff, students and community members. Parents are welcome to attend weekly Independent Study Program (ISP) meetings and workshop courses to monitor their student's progress. For more information on parent involvement opportunities please contact the school's Parent Liaison at 714-1653 or Mr. LaVine directly at the same number.

School Safety Plan (School Year 2021 - 2022)

A safe campus is crucial to effective learning. The safe school planning committee annually reviews and updates the Comprehensive School Safety Plan. The annual review of the plan occurred in December 2021 and was approved by the school's advisory council in January 2022. EGCS has an alternate schedule and therefore "before and after school" may be defined differently for each student. EGCS supervises a variety of support workshops and labs during the school day; parents commit to arrange timely transportation before/after school. Access to the school by members of the public is controlled by fencing and gates that are either locked or monitored by EGCS staff. Visitors must be approved by administration, sign in and wear a visible visitor pass while on campus.

Elk Grove Charter School uses a combination of independent study and workshop classes to assist students in increasing their learning. Specifically, 7th-10th grade students attend English, Math, Science, and Social Science direct-instruction workshops. Under the direction of an Independent Study Teacher (ISP), students complete the remaining curriculum independently. Eleventh and twelfth grade students primarily learn independently, while working with the support and guidance of an ISP teacher. In addition, these students have the opportunity to attend support workshops to assist them in completing the required curriculum for graduation. Elk Grove Charter offers students the ability to earn an EGUSD approved high school diploma by completing either traditional or alternative graduation requirements. At the beginning of each semester, the ISP teacher, student, and parent/guardian discuss Pre and Post graduation goals and create a semester course plan.

Professional Development

A variety of professional learning opportunities exist for teachers, instructional aides, and non-instructional support staff. EGCS conducts weekly staff meeting where teachers receive instruction on a variety of issues and skills to improve their teaching abilities. New teachers, who have been teaching fewer than two years, are supported by the district's beginning teacher program (BTSA). They meet weekly with an experienced mentor to discuss challenges, successes and new ideas for their classrooms. The district offers a variety of professional learning opportunities for all staff. Teachers have access to EGUSD professional development and training to support them in their role in the classroom and working with students, families, and colleagues. In addition, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways. All staff members have access to outward mindset training

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
