#### California Department of Education School Accountability Report Card

#### Reported Using Data from the 2022 - 2023 School Year Published During 2023 - 2024

#### For: Elk Grove Charter School

Address: 10065 Atkins Dr, Elk Grove, CA 95757 Principal: Marc Lavine Phone: 916-714-1653 Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <a href="http://www.cde.ca.gov/ta/ac/sa/">http://www.cde.ca.gov/ta/ac/sa/</a>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

#### **California School Dashboard**

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### School Description and Mission Statement (School Year 2023 - 2024)

The Elk Grove Charter School is committed to creating individualized educational opportunities for students by combining independent study and classroom instruction. The focus at EGCS is to focus education on the needs of the student and create balance between the education system and the needs of the student and family. Students have the opportunity to earn an Elk Grove Unified authorized diploma through district approved curriculum and courses. In addition, students are able to earn early college credits through Dual Enrollment courses at local community colleges. EGCS's educational approach is primarily suited for students who seek more flexibility than a traditional classroom-only environment. EGCS delivers a hybrid model teaching and learning that combines independent study and direct instruction.

Elk Grove Charter School's vision of empowering all students to reach their full potential is realized through rigorous course work and an individualized approach through increased personal connection and post-secondary planning. All students are challenged to know and achieve their greatest potential. The school's Expected Schoolwide Learning Results (ESLRs) prepare students for post-secondary opportunities. EGCS students will be:

- Academic Achievers
- Self-Directed Learners
- Effective Communicators
- Productive Workers
- Responsible Citizens

The strength of the school's educational model can be seen through the individual successes of each student. Learning plans are developed for all students and include both independent study and direct-instruction learning. For students in grades 7-10, core subjects are delivered through daily direct instruction workshops. In addition, for students of all grade levels, math, foreign language, art, and technology are also delivered through direct instruction. For students in grades 11 and 12, instruction is primarily delivered through the school's independent study program. This model provides students with the flexibility to not only pursue their goals outside of school, but also accelerate the learning process based on their needs. All students have access to additional supports including labs, tutoring, AP/Honors courses, early college credit, and course/grade correction. Successful EGCS students are motivated to excel and reach their goals.

#### A. Conditions of Learning

#### **State Priority: Basic**

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Science Laboratory Equipment (grades 9-12) All 9-12 students utilizing a lab have access to appropriate equipment. Elk Grove Charter School has one building that was built in 2010. The building has six direct-instruction classrooms, a teacher work area/kitchen, administrative office, and one large classroom holding 14 individual cubicles for independent study appointments. The direct-instruction classrooms include a computer lab with 24 desktop computers, an art room, science lab, and three generic direct-instruction classrooms. In addition to the building, the school has a large playing field and two full size basketball courts. There is a sitting area with six picnic tables and a large shade structure that was built in 2013. Other additions to the facility since its original construction include four storage sheds, and security fencing around the perimeter of the school.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work with the school site custodial team to ensure that school building, classrooms, and grounds are maintained so a safe and functional environment exists for all students. The district uses an electronic work order system to communicate necessary repairs. Emergency repairs resolved by either the school custodian or district maintenance staff. The school's custodian works with the site administrator to develop a cleaning schedule. Restrooms are inspected to ensure they are adequately stocked and sanitary. A monthly inspection is conducted and submitted to administration. The Board of Education has adopted cleaning standards for all schools in the district. A summary of standards is available at the school or district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Facilities projects at EGCS are developed through communication with all stakeholders and approved by the school's advisory council. EGCS follows all EGUSD site modification and facilities planning procedures. The school works with district level staff on potential future modifications. Currently, the school is working to expand its facility in order to increase capacity. Projected building projects include a new multi-purpose room with 2 additional classrooms, warming kitchen, and student bathrooms with changing rooms. In the future, EGCS plans on building another 6-classroom building, administration office, full size gym with locker and weight room, and playing fields. The school along with district and outside personnel have completed initial facility plans for these projects.

#### **B. Pupil Outcomes**

#### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

• Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessment [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAA for ELA in grades three through eight and grade eleven.
   Smarter Balanced Summative Assessments and CAA for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAA for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

#### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2023 - 2024)

EGCS is authorized and governed by the EGUSD Board of education with input from the school's Advisory Council. The Advisory Council is made up of parents, staff, students, and community members. Parents are integral to the on-boarding process and learning success. Parents meet regularly with their student's independent study teacher and school-to-home communication is facilitated through multiple tools including phone, email, text, electronic gradebooks, etc. For more information on parent involvement opportunities please contact the office.

#### State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates
- High school graduation rates
- Chronic Absenteeism

#### School Safety Plan (School Year 2023 - 2024)

A safe campus is crucial to effective learning. The safe school planning committee annually reviews and updates the Comprehensive School Safety Plan. The annual review of the plan occurred at the beginning of the 2023-24 school year. It was approved by the school's advisory council in Sept. 2023. EGCS has an alternate schedule and therefore "before and after school" may be defined differently for each student. EGCS supervises a variety of support workshops and labs during the school day; parents commit to arrange timely transportation before/after school. Access to the school by members of the public is controlled by fencing and gates that are either locked or monitored by EGCS staff. Visitors must be approved by administration, sign in and wear a visible visitor pass while on campus.

#### Types of Services Funded (Fiscal Year 2023 - 2024)

Elk Grove Charter School uses a combination of independent study and workshop classes. Specifically, 7th-10th grade students attend English, Math, Science, and Social Science in direct-instruction workshops. For 11th-12th graders, under the direction of an Independent Study Teacher, students' complete courses independently and meet with the teacher face-to-face weekly. ISP students can attend support workshops to assist them in completing graduation requirements. EGCS students have the ability to earn an EGUSD approved high school diploma by completing traditional or alternative graduation requirements. The ISP teacher, student, and parent/guardian discuss Pre and Post graduation goals and create a yearly course plan. EGCS students also have the ability to earn early college credits through community colleges courses. In addition, EGCS offers a select number of AP/Honors courses.

#### **Professional Development**

A variety of professional learning opportunities exist for teachers, instructional aides, and non-instructional support staff. EGCS conducts weekly staff meeting where teachers receive instruction on a variety of issues and skills to improve their teaching abilities. The structure of weekly meetings is divided into content and grade level groups in addition to whole staff meetings. New teachers, who have been teaching fewer than two years, are supported by the district's induction program. They meet weekly with an experienced mentor to discuss challenges, successes and new ideas for their classrooms. They are also required to complete a variety of other professional development modules. Most importantly, is they have access to veteran teachers/administrators for support. The district offers a variety of professional learning opportunities for all staff. Teachers have access to EGUSD professional development and training to support them in their role in the classroom and working with students, families, and colleagues. In addition, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways. All staff members have access to outward mindset training and district DEI trainings.
