

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Robert J. Fite Elementary

Address: 9561 Fite School Rd, Sacramento, CA 95829
Principal: Diane Standing

Phone: 916-689-2854
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Robert J. Fite Elementary
Excellence in Education

Welcome to Robert J. Fite Elementary School! Here at Fite, we aim to provide a warm, nurturing learning environment that fosters academic excellence. Fite Falcons strive to be part of an engaged school community that promotes social responsibility, acceptance of diversity, and life-long learning.

The mission of the Elk Grove Unified School District is to provide a learning community that challenges ALL students to realize their greatest potential. Here at Robert J. Fite, we support that mission by focusing on the whole child and working together with parents and staff to ensure each child's opportunity for success. Students have access to rigorous academic instruction coupled with social-emotional and behavioral supports that provide a strong foundation for learning.

Parent support and engagement are vital to student success. Here at Robert J. Fite Elementary, we believe building strong relationships with parents and connections between home and school are essential. We offer opportunities for parents to be involved in a variety of ways by serving on school and district committees, working as classroom volunteers, and planning and participating in school events. Parents support student success by providing a clear message about the importance of education and regular school attendance, positive behavior, as well as making sure students are engaged in learning both at home and in the classroom.

The teachers and staff of Robert J. Fite prioritize student safety and a rigorous learning environment. Teachers participate in ongoing training to improve instruction, provide consistent positive behavioral support, and teach students the importance of a growth mindset. Our site PBIS program and SOAR expectations emphasize safe, open-minded, accountable, and respectful behavior. Support staff are on hand to provide families with additional support and resources as well.

At Robert J. Fite Elementary, "Every day is a great day to be a Fite Falcon!" We value the culture, background, and experiences of our students and families. Administration and staff are here to serve our community, and we appreciate your support!

Sincerely,
Diane Standring, Principal

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2020 - 2021)

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

Robert J. Fite Elementary opened in 2002. The campus houses 34 classrooms, including 8 workrooms for teachers and staff. We have a multipurpose room, a library, a computer lab, and an administrative building. The administrative building houses administrative offices, a conference room, as well as two staff restrooms, a nurse's office with a student restroom, staff room and supply room. A large playground area for 1st-6th grades offers a shade structure, play structure, and a variety of activities on the blacktop and field. A smaller fenced play area, a play structure, blacktop area, and grass, and storage shed is used by PreK/K students. The parking lot offers spaces for staff and visitors, designated handicapped parking, student drop-off/pick-up lanes and a pedestrian crosswalk.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in tandem with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. Each morning the custodian inspects the school prior to students and staff entering school grounds. Electronic work orders are used to address any repairs or maintenance needs on campus. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Robert J. Fite Elementary is in the process of planning for both interior and exterior renovations. District personnel have surveyed the campus and are planning future improvement projects including exterior building maintenance, painting, and roofing. Current projects include upgrading the PreK/K play structure and hard surface to include shade and accessible surface material, as well as new grass and shade tree planting. Resurfacing projects for the blacktop and parking lot, including gates to secure the parking lot after hours, were completed in October 2024.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

Throughout the year we host a number of events including Back to School Night and Open House, which provide parents an opportunity to learn about the school and our programs, monitor student progress, and celebrate learning. Parents and family members can join the Parent Staff Organization, be a classroom volunteer, or join site and district advisory committees, including the School Site Council and Multilingual Advisory Committee. For more information on parent involvement opportunities, please contact Principal Standring at (916) 689-2854.

[School Safety Plan \(School Year 2024 - 2025\)](#)

Our school is committed to providing a safe and secure environment for learning. Staff and Site Council reviewed and updated our School Safety Plan in September of 2024. Students practice a variety of safety drills monthly, including fire drills, lockdown drills, and earthquake drills. An Emergency Handbook outlining a plan of action for emergencies is kept in the school office, and the Emergency Guidelines Flip Chart is kept in each classroom. Periodic school safety inspections are conducted by the County of Sacramento. All visitors are required to and enter the school premises through the office and check-in before going on to campus, and student supervision is provided by school staff before and after school to ensure a safe arrival and dismissal. The district's Safety and Security Department works closely with our school site to provide a safe, secure environment for all students.

Types of Services Funded (Fiscal Year 2023 - 2024)

Robert J. Fite Elementary offers a variety of specialized programs to meet students' diverse learning needs. We have self-contained special education classes for students in PreK through 4th grade, an intensive PreK speech program, and a Learning Center that serves special education students to help them meet their individual learning goals. Gifted and Talented students participate in accelerated instruction within the classroom and have opportunities for after-school enrichment and Science, Technology, Engineering, and Math (STEM) activities. Fite has two Academic Intervention Teachers (AITs) to provide intervention services for at-risk learners, and English Learner students receive both designated and integrated English Language Development instruction. Students receive weekly music education in the classroom as part of our Visual and Performing Arts instruction.

Professional Development

Our school and district offer a variety of professional development and learning opportunities for staff, including curriculum and instruction, behavior support, social-emotional learning, and diversity, equity, and inclusion training. Teachers have opportunities to work with district personnel to collaborate and plan lessons and assessments. Administrators consult with the site Leadership Team and instructional coaches to plan and provide professional development opportunities for the staff based on site needs. Teachers in all grade levels are provided training and support for successful implementation of the Common Core State Standards, adopted district curriculum, social-emotional learning, and behavior. Both general and special education teachers and support staff have numerous opportunities to learn how to best meet the needs of students with learning disabilities. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office assistants and custodians may take classes that relate to their work, such as learning new computer skills, being more efficient and ergonomically correct, and maintaining a safe and healthy work environment.
