School Accountability Report Card
Reported Using Data from the 2020 - 2021 School Year
Published During 2021 - 2022

For: Toby Johnson Middle School

Address: 10099 Franklin High Rd, Elk Grove, CA 95757
Principal: Jennifer Keyport

Phone: 916-714-8181
Grade Span: 7-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2021 - 2022)

<p>A School with a Vision, Toby Johnson Middle School.</p> <p>Toby Johnson Middle School provides a unique and wonderful educational experience for all students, from the safety of the campus, and the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.</p> <p>Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. Our success in implementing our district's mission can be evidenced through our school's special strengths, including two-year teaching teams that allow students and teachers to loop together for both 7th and 8th grades as well as working in smaller teams. We operate a four by four block schedule that provides students with both a rigorous academic program as well as an extensive enrichment program. Our outstanding standards-based common core program and the school's Honors Program allow students the opportunity to extend their learning.</p> <p>Parent support and involvement continue to be important aspects of success at Toby Johnson Middle School. Many parents volunteer in our classrooms, support student activities and library programs. Parents also enhance student success by providing space, time, and encouragement for daily homework, and by emphasizing regular school attendance.</p> <p>Parent and school communication is enhanced by ParentVue, a tool for students and parents via the internet. This vital tool links students, parents and teachers together to share information and communicate directly. We are pleased to offer a comprehensive technology, music, drama, and fine arts program.</p> <p>The safety of our students is this school's first priority and the discipline policy is strictly enforced while encouraging and teaching positive student behaviors. We emphasize safety and responsible, respectful behavior. The atmosphere of the school makes our students feel comfortable and secure.</p> <p>Adam Wood, Principal Toby Johnson Middle School</p>

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2019 - 2020)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2021 - 2022)

This school has 47 classrooms, a multipurpose room with a stage, a band room, a specialized science wing, a gym, a large library, and both administration and student services buildings. The campus was built in 2002. The school is part of a joint campus, with the high school on the same property sharing the library. The school has eight classroom pods, with a gym, band room, stage, kitchen classroom, TV production classroom, and two computer labs. The Franklin Community Library serves the middle school, high school and local community, and is the largest school library in the city. The school also has extensive fields for physical education including basketball courts, a football field and track. The gym contains a dance room as well.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds, and the site is fully cleaned each evening. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. Cleaning standards have been updated extensively with the return of students to campus.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

During the summer of 2019, the HVAC unit and roof of each building on campus, including the shared library with Franklin High School, was replaced thanks to funding from Measure M. In the summer of 2021 a shade structure was added to the quad.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020 - 2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2021 - 2022\)](#)

There are many ways to become involved with your child's education. We conduct two New Parent Orientations; two Back to School Nights; team field trips which include parents; and two student fairs. Parents can become involved by volunteering in the classroom, attending parent conferences, Back to School Nights, supporting numerous student activities, and by volunteering for student events on campus. For more information on parent involvement opportunities, contact Hannah Kincaid, Student Activities Director, at 714-8181.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2021 - 2022)

School safety is of paramount importance at Toby Johnson Middle School. Therefore, we are committed to a safe and secure learning environment for every student. Our staff reviewed our School Safety Plan in November 2021. Included in the plan are monitoring practices that not only address student safety during school hours, but before and after school as well. All visitors sign in when entering our campus and wear identification. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office as well as each classroom. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Our Special Education Staff not only assist special education students, but also general education students who need additional support to meet the standards. Specially trained teams of teachers help our English Learners access the core curriculum. Gifted and Talented students participate in our Honors program. Tutoring or homework help is provided school-wide and is available before school, during lunchtime and after school. Our Technology Department offers a unique Yearbook and TJTV (Broadcast Journalism) program for students. These programs provide opportunities for students to exercise creativity and enhance technological skills in news casting, graphic design and layout. In addition to a robust elective program, the school offers after school programs in Theater, Computer Science, Science (Olympiad), Art, Cyber-Patriots, and Music. Our award-winning marching band competes in high school competitions, and our programs have been aligned with Franklin High School.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our school has a weekly late start schedule so departments and teams can meet and coordinate curriculum and instruction. Teachers meet to review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Teachers take part in professional development programs to increase students' conceptual understanding of mathematics, science, reading and writing. Our teachers are dedicated to providing the enhanced strategies available through the common core standards adopted by the state. Additionally, special education teachers and EL teachers have myriad opportunities to learn how to best support students with special learning needs. Para educators, school secretaries, office clerks, security and custodians take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
