

California Department of Education School Accountability Report Card

Reported Using Data from the 2021 - 2022 School Year
Published During 2022 - 2023

For: Samuel Kennedy Elementary

Address: 7037 Briggs Dr, Sacramento, CA 95828
Principal: Sandra Brown

Phone: 916-383-3311
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2022 - 2023)

At Samuel Kennedy Elementary, everyone matters!

We believe that all students can and will achieve at high levels! Students, parents, teachers, and staff work together to create a school community where every child learns and every child is loved. Our school is a welcoming place where students are challenged to succeed every year, from pre-kindergarten through sixth grade and beyond with their individual goals set on a strong foundation toward college and career readiness.

Our academic program supports the Common Core State Standards, and teachers work together daily to provide targeted instruction at each child's level. High quality instruction is a top priority. Students benefit from clear behavior expectations throughout the school and frequent opportunities to be recognized for good citizenship, strong attendance, and academic achievement.

Samuel Kennedy strives to educate the whole child, involving our students in Student Leadership, AVID, STEAM, Band, intramurals, VAPA, PBIS programs, and our phenomenal ASES Cougar Academy.

We actively seek family participation in all aspects of your child's education. Our office staff and parent liaisons are able to assist families in English and Spanish, and additional translation is available through the district. We also use the Talking Points app to help communicate with our families.

Together we are moving Kennedy forward, ensuring that our students receive an excellent education that opens doors to success in school and in life and where every child has his or her feet solidly set on the path to a college or career of their choice.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2020 - 2021)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2022 - 2023)

Kennedy Elementary School was built in 1964. This school has 40 classrooms, a multipurpose room, a computer lab, library, and an administration building. We also have a beautiful garden where our students plant vegetables and flowers throughout the year. We have approximately 100 staff members on our campus and we enroll over 1000 students every year. This year, our school received a new paint job, new carpeting, and new lighting in every classroom and office. Each classroom also received a new interactive whiteboard and all of our teachers received new laptops. Cameras were also installed on the perimeter of every building, enhancing the safety of our students, staff, and neighborhood.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at our main office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

This past year we completed multiple modernization projects. With help from our Measure M dollars, all classrooms and offices received new carpeting, painting, and lighting. The exterior of the school was also repainted. In addition, we also installed a new shade structure on our playground. A new water bottle refilling station was also installed in our multipurpose room. Security cameras were also installed throughout our campus. At this time, we are working on adding additional benches, plants, trees, and flowerbeds throughout the campus. Our site gardening team is also working with our ASES program to complete additional projects throughout the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment Percentage of Students Meeting or Exceeding the State Standards

Subject	School 2020 - 2021	School 2021 - 2022	District 2020 - 2021	District 2021 - 2022	State 2020 - 2021	State 2021 - 2022
English Language Arts/Literacy (grades 3-8 and 11)	N/A	27	N/A	52	N/A	47
Mathematics (grades 3-8 and 11)	N/A	21	N/A	40	N/A	33

Note: Where it was the most viable option, in 2020-21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted to report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020-21 data cells for the school, district, state have N/A values because these data are not comparable to 2021-22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

California Physical Fitness Test Results (School Year 2021 - 2022)

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2022 - 2023\)](#)

Parent involvement is essential to success in school. We encourage all parents to attend parent-teacher conferences, Back to School Night, Open House and our family events. Parents can join the School Site Council, the English Learner Advisory Committee, and the Parent Teacher Association. Parents are also warmly invited to volunteer in the classroom and chaperone on field trips. Our PTO meets regularly on the third Thursday of the month and assists us in fundraising, hosting parent nights, and organizing fun activities for our students and families. If you are interested in volunteering in your child's classroom or being a chaperone for a field trip, please let us know. Fingerprinting is required and can be completed at the district office. If you would like more information, please contact Ms. Brown at 916-383-3311. .

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2020 - 2021	School 2021 - 2022	District 2020 - 2021	District 2021 - 2022	State 2020 - 2021	State 2021 - 2022

Expulsions	0.0%	0.0%	0.0%	0.0%	0.0%	0.1%

Note: Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions and Expulsions for School Year 2019 - 2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019 - 2020	District 2019 - 2020	State 2019 - 2020
Suspensions	1.52%	4.02%	2.45%
Expulsions	0.00%	0.03%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

School Safety Plan (School Year 2022 - 2023)

Our staff spends the first two weeks of school teaching and reviewing all school safety procedures. Students visit each area of the school to learn our school-wide expectations. Emergency Folders are updated each summer and signage is posted clearly in each room. A copy of the emergency procedures plan is kept in the school office and is available to the public for review. Fire drills, lockdown drills, and duck and cover drills are explicitly taught and practiced with the students and staff. All practice drills are held on the second Thursday of the month. Staff provide supervision before and after school, and all visitors are required to sign-in. The district's Safety and Security Department works closely with our school site to complete an annual Comprehensive Safe School Plan addressing social safety issues such as behavior and bullying as well as physical safety. This plan was reviewed and approved by our staff on April 14, 2022.

Types of Services Funded (Fiscal Year 2022 - 2023)

Samuel Kennedy Elementary is one of the largest schools in the Elk Grove Unified School District. We have over 400 students who speak a second language, and our school community speaks 22 different languages. We have multiple programs that help us serve our English Language Learners. We provide daily ELD time where our students receive explicit instruction in English. We also have started a Newcomer program that services students who have been in the country for less than two years. Students who are not working at grade level and need a little help with their reading skills will spend time working with our certificated teaching staff in our Reading Room. Intersession and tutoring opportunities are also provided throughout the year. Students who are currently on IEPs are provided services in our Learning Center. Students on 504s are provided services in their home classrooms.

Professional Development

Our school and district offer a variety of learning opportunities for teachers, paraeducators, and non-instructional support staff. For 2022-2023, Kennedy teachers and administrators are receiving professional development on Diversity, Equity, and Inclusion practices, LETRS, AVID, Professional Learning Communities, best practices for English Language Learners, and delivery of high quality instruction. Weekly teacher planning meetings focus on grade level Smart Goals, data-driven instruction, and addressing the academic and social needs of all students. Administrators and teachers work closely with our instructional coaches on improving instruction, improving fluency and comprehension, and implementing effective classroom management procedures. Monthly staff professional development trainings are held on the third Monday of every month. Over the next two years, our staff will also be focusing on school-wide AVID implementation. This year, all staff will also be participating in our Diversity, Equity, and Inclusion (DEI) program which will include 28 hours of training. Staff will begin the training on January 3, 2023, and will have two years to complete the training. Classes will focus on the instructional framework, providing student support, secondary language acquisition, and partnering with families. Staff will also take classes that discuss compassionate dialogue, implicit bias, becoming racially and ethnically conscious, how to talk about race, the importance of pronouns, and the impact of microaggressions.
