

## California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year  
Published During 2024 - 2025

### For: Samuel Kennedy Elementary

**Address:** 7037 Briggs Dr, Sacramento, CA 95828  
**Principal:** Sandra Brown

**Phone:** 916-383-3311  
**Grade Span:** K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

### School Description and Mission Statement (School Year 2024 - 2025)

Welcome to Samuel Kennedy Elementary School!

At Kennedy, we believe that all students can and will achieve at high levels. We believe that every child has unique gifts and characteristics which makes them special. We believe kids come first! Together, we work closely with our parents and staff to create a school community where every child knows they are respected, loved, and appreciated. Our school is a welcoming place where students are challenged to succeed every year, from pre-kindergarten through sixth grade, with their individual goals set on a strong foundation toward college and career readiness.

Our academic program supports the Common Core State Standards, and teachers work together to provide targeted instruction at each child's level. High quality instruction is a top priority. Students benefit from clear behavior expectations throughout the school and frequent opportunities to be recognized for good citizenship, meeting personal goals, and academic achievement.

Samuel Kennedy strives to educate the whole child, involving our students in Student Leadership, AVID, STEAM, Band, intramurals, VAPA, gardening, PBIS programs, and our ExI after school program. Because we have students who come to Kennedy from all over the world, we provide unique opportunities and experiences to help them better understand the world in which they live and the great choices they will get to make that will lead them to a successful future.

We actively seek family participation in all aspects of your child's education. We know that strong school-parent-student partnerships are key to student success! Parents are invited to volunteer in our classrooms and at school events. Parents interested in joining our Cougar Cub Club may attend our parent meetings which are held on the fourth Thursday of every month. Our staff is trained to assist families who speak multiple languages. We also use the Talking Points app, social media, and email to help communicate with our families.

Together we are moving Kennedy forward, ensuring that our students will receive an excellent education that opens doors to success. Here, we can help them establish a strong foundation that will prepare them for a very happy, healthy, and productive future as they work towards making the world a better place.

**School Facility Conditions and Planned Improvements (School Year 2024 - 2025)**

Samuel Kennedy Elementary School was built in 1964. Our school has 40 classrooms, a multipurpose room, a computer lab, library, and an administration building. We also have a beautiful garden where our students and staff plant vegetables and flowers throughout the year. Over the past three years, our school completed a renovation with some help from our Measure M funds. Our buildings received a new coat of paint, new carpeting, and new lighting. Each classroom also received a new interactive whiteboard and an Extron system. Security cameras were also installed on the perimeter of every building, enhancing the safety of our students, staff, and neighborhood. Two new shade structures were also added to our playground and provide shade for students during recess.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work with the site custodial team to ensure that school buildings, classrooms, and grounds are maintained at levels to provide a safe and functional environment for all. The district utilizes a work order system enabling staff to communicate maintenance needs, urgent repairs, or necessary projects to the district team. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Restrooms and classrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at our main office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

For the past five years, we have been working on many facility projects. This year we added a new walk-in refrigerator and freezer to our cafeteria. This has allowed staff to have access to supplies without having to exit the multipurpose room and saves us a great deal of time when preparing student meals. We received brand new desk top computers in our computer lab. We also updated our sound system in the multipurpose room. We now have bluetooth and cordless microphone capabilities for student presentations. We are also adding new lights and equipment for our student media station so that we can produce our monthly Cougar Kids TV episodes.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing state-administered assessments Percentage of Students Meeting or Exceeding the State Standards

Subject	School 2022 - 2023	School 2023 - 2024	District 2022 - 2023	District 2023 - 2024	State 2022 - 2023	State 2023 - 2024
English Language Arts/Literacy (grades 3-8 and 11)	27%	28%	51%	51%	46%	47%
Mathematics (grades 3-8 and 11)	21%	26%	40%	41%	34%	35%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### [Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

Parent involvement is essential to student success. We invite parents/guardians to attend conferences, Back to School Night, Open House, and school events. Parents may join our Cougar Cub Club, the School Site Council, or our ELAC Committee. If you would like to chaperone for a field trip or volunteer in your child's classroom, please complete a volunteer application. These applications are available in our main office. Fingerprinting is required. If you have additional information, please contact Mishun Abrams at [mabrams@egusd.net](mailto:mabrams@egusd.net).

**State Priority: School Climate**

### School Safety Plan (School Year 2024 - 2025)

At Kennedy, our staff spends the first two weeks of school teaching and reviewing all safety procedures. Students tour each area of the school to learn school rules and expectations. Emergency folders are updated each summer and signage is posted clearly in each room. A copy of the emergency procedure plan is kept in the school office and is available for the public to review. Fire drills, lockdown drills, and shelter in place drills are held on the second Thursday of every month at 9 am. The district's Safety and Security Department works closely with our school site to complete an annual Comprehensive Safe School Plan addressing social safety issues such as behavior and bullying as well as physical safety. This year's plan was reviewed and approved by our School Site Council on September 19, 2024.

### Types of Services Funded (Fiscal Year 2023 - 2024)

Samuel Kennedy Elementary has over 400 students who speak a second language. Teachers provide our English Language Learners explicit English instruction in our classrooms during our ELD time. Students who are new to our country (Newcomers) receive additional support from our bilingual assistants and/or our Academic Intervention Teachers. Students who are not working at grade level in math and reading may receive intervention services from our Academic Intervention Teachers. Intersession is also offered during our off-track months. When funding is available, tutoring services are offered. Students who are currently on IEPs are provided services in our Learning Center. Students on 504s receive services in their home classrooms. Our EXL after school program serves over 200 students every year. Students in the program may receive services after school.

## Teacher and Administrative Salaries (Fiscal Year 2022 - 2023)

## Professional Development

At Samuel Kennedy Elementary, staff receive ongoing professional development to enhance their teaching practice and to review current research. During 2024-2025, teachers and administrators will receive professional development on Restorative Practice, LETRS, AVID, effective Professional Learning Communities, language acquisition, Second Step curriculum, math fluency, and writing instruction. Professional development trainings are held on the third Monday of each month. Staff also attend district and regional trainings throughout the year that focus on meeting site goals. Every Wednesday, teacher planning days are held to allow grade level teams to create lesson plans, review formative and summative assessments, develop grade level goals, discuss research-based strategies, and review the academic and social needs of students. With the support of our Tier 2 team, assessment data is shared with staff and parents to identify the needs of students. A year long site professional development plan is created and shared with staff that targets the needs of students and teachers. Our curriculum coaches also work with staff to provide targeted training for teachers.
