

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Joseph Kerr Middle School

Address: 8865 Elk Grove Boulevard, Elk Grove, CA 95624
Principal: Aaron Munoz

Phone: 916-686-7728
Grade Span: 7-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Joseph Kerr Middle School provides a unique and wonderful educational experience for students, from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges every student to realize their greatest potential, in every classroom, every subject, every day. Our success in implementing our district's mission can be evidenced through our school's programs, our attention to both the academic and social needs of our students, and our commitment to providing high quality instruction.

Parent support and involvement continue to be important aspects at Joseph Kerr Middle School. This support is given, recognized, and appreciated in many different ways. Many parents volunteer on our campus, support student activities, and participate in library programs and School Site Council. Parents also enhance student success by providing space, time, and encouragement for daily homework, and by emphasizing regular school attendance.

We implemented StudentVue, ParentVue, and Talking Points, as communication tools for students and parents. These vital tool links students, parents and teachers together to enhance communication, regardless of language barriers.

The safety of our students is the school's first priority and the discipline policy is strictly enforced. We are a Gold Status Positive Behavior Intervention and Supports school (PBIS) and we emphasize cooperation and responsible, respectful, and kind behavior. All adults visiting campus are required to check in through the Front Office. The atmosphere of the school makes our students feel comfortable and secure.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

Joseph Kerr Middle School has 51 classrooms, a Multipurpose Room, a Gymnasium, a Library, a Band Room, Woodshop, Computer Labs, and an Administration Building. The main campus was built in 1964 and is recognized as the first middle school in Elk Grove Unified School District.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs and projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. A summary of The Board of Education adopted cleaning standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In 2020 we had new energy efficient lighting installed school-wide, new HVAC on designated buildings, and new roofs. Hospital grade air filters were added to all buildings to enhance COVID-19 Safety protocols. Construction was recently completed for a new state of the art Gymnasium and Science Building. In addition, new touch-based projectors were installed in the English and History classrooms. Finally, in 2024 we are completely demolishing and re-building our Math Building, Special Education building, Woodshop, and Computer classroom, with an expected completion date of December of 2026.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

Parent support and involvement continue to be important aspects of the success of Joseph Kerr Middle School. We have Back to School Night in the fall, a time when parents can visit classes. Parents are always welcome to volunteer in their child's classroom, assist the Activities Director with special events, chaperone field trips, join the School Site Council, or come have lunch with students during our "Picnic with Parents" days. For more parent involvement opportunities, contact Stacie Garibaldi, School Secretary, at 916-686-7728.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2024 - 2025)

Your child's safety is important to us. Supervision is provided by campus security, teachers and administrators before and after school. Controlled access to our campus is through the Main Office and visitors are required to present ID, check-in, and wear appropriate identification. Our staff reviewed and updated our School Safety Plan in February of 2024. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students. Joseph Kerr Middle School conducts regularly scheduled fire, earthquake and/or lockdown drills in order to prepare students and staff for emergency procedures.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Types of Services Funded (Fiscal Year 2023 - 2024)

At Joseph Kerr Middle School, we have highly qualified staff to assist students with special learning needs. We provide a range of support for students with disabilities as well as general education students who need additional support to meet the common core standards. We offer EL English classes to support students in improving their English language acquisition. Gifted and Talented students participate in accelerated instruction in honors classes in addition to specific GATE activities. Tutoring is available before, during and after school. Students have access to computers in the Library throughout the school day for additional support. Elective courses include Jazz Band, Band 1, Band 2, Woodshop, Art I/Art II, Exploring Science, Future Quest, Digital Media, AVID, Leadership, and Yearbook.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. Our school has a weekly early dismissal schedule so departments and grade level teams can meet and coordinate curriculum and instruction. Teachers meet to review student work, make determinations about students' strengths and weaknesses, develop and implement appropriate assessments and plan subsequent instruction to meet students' needs. Teachers take part in Math and Science professional development programs intended to increase students' conceptual understanding of mathematics and science. Our school community fully participates as a Professional Learning Community to increase student learning. Special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. Paraeducators, school secretaries, office technicians and custodians take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways. Moreover, Teachers participate in professional development opportunities put on by EGUSD District Coaches throughout the year that focuses on the specific needs of students attending Joseph Kerr Middle School.
