School Accountability Report Card
Reported Using Data from the 2020 - 2021 School Year
Published During 2021 - 2022

For: Las Flores High School

Address: 5900 Bamford Dr, Sacramento, CA 95823
Principal: Alan Williams

Phone: 916-422-5604
Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2019 - 2020)

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2021 - 2022)

This school has 7 classrooms, a library, a counseling center and an administration building. The campus was previously occupied by Adult Education and became Las Flores in 1988. Electrical and plumbing improvements (sink and drain) were made to Room 10 in 2007. New carpet was installed in several classrooms in 2015. The custodian provides daily upkeep to the site and the district Maintenance and Operations department provides maintenance and improvements to the facility. The LEA ensures that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Las Flores received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the administrator and school site custodian to ensure that school buildings, classrooms, and grounds are maintained at levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodian works with the principal to develop a daily cleaning process and schedule. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In November of 2016, Measure M (a school facilities bond) was approved by California voters. The district has developed a Facility Master Plan to outline upgrades and modernization for school sites. Some of the projects planned for Las Flores include: Modernize classrooms features to current district standards; Major building upgrades including heating/air conditioning, roofing and alarms; Security measures including camera systems and fencing; Technology improvements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020 - 2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Career Technical Education Programs (School Year 2021 - 2022)

Career Technical Education (CTE) provides opportunities for LFHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Guidance and career counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile.

LFHS students have access to Explore CTE programs such as medical assistant, EKG technician, phlebotomy technician, culinary arts, video production, and more. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. In addition to access to Explore CTE, LFHS offers a number of CTE electives that build skills applicable to any career, including business finance, computer graphics and design, family sociology, and parenting and child development. Our career studies course introduces students to multiple career options and preparation through portfolios, mock interviews, and investigations. Students may also enroll in work experience, providing both employment and credits, with the benefit of LFHS teacher guidance.

Individual student assessment of work readiness skills in Explore CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, or other means. We measure the success of the program by the certificates of completion earned based on the number of units students complete, and the college credits earned. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

[Opportunities for Parental Involvement \(School Year 2021 - 2022\)](#)

There are a number of ways to become involved with your child's education. Our school has an active School Site Council (SSC) that assists the principal with important governance decisions, including our site Local Control Accountability Plan (LCAP). Parents are always welcome and encouraged to become involved at our site by volunteering with student activities, attending school functions and joining the SSC. For more information about parent involvement opportunities, contact Lee Johnson, school secretary, at 422-5604 or LeJohnso@egusd.net.

School Safety Plan (School Year 2021 - 2022)

A safe and caring learning environment is important to the academic success of our students. Our district is committed to providing a safe, secure environment for learning. The Las Flores School Safety Plan is reviewed and updated annually, and was last updated in September 2020. All campus visitors must register in our school office. Supervision is provided during school hours and at school events. An "Emergency Handbook", outlining a plan of action for emergencies is kept in the school office and in all classrooms. Regular student safety drills (Fire; Duck, Cover, Hold; Lock Down) are conducted quarterly. Random, periodic school safety inspections are conducted by the district and County of Sacramento. The district's Safety and Security Department works closely with our school site to provide a safe, environment for all students.

Both Las Flores High School uses an online independent study instructional strategies to deliver the district's curriculum. We have highly qualified staff to assist students in meeting the state and district standards. Las Flores High School utilizes a Multi-Tiered System of Support (MTSS) in concert with Positive Behavioral Interventions and Supports (PBIS) to assist students with academic, behavioral, or social emotional issues. EGUSD provides many opportunities for students to broaden their education by offering a wide variety of Career and Technical Education (CTE) courses and Las Flores students are encouraged to enroll in one or more that may interest them. Students wishing to further enhance or accelerate their education, and who meet the appropriate requirements, may attend community college through Advanced Education programs.

Professional Development

Las Flores and the Elk Grove Unified School District offer a variety of professional learning opportunities for teachers and support staff. Las Flores has implemented a professional development emphasis on the principles of High Quality Instruction, which include formative & summative assessment, opportunities for student talk, active student participation, and learning targets & success criteria. These principles are designed to foster and improve student achievement. Las Flores teachers regularly attend training opportunities and workshops focusing on English Language Arts and Mathematics curricular materials and their alignment with "Common Core State Standards" (CCSS). All staff members are encouraged to participate in activities that enhance their professional growth.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
