

California Department of Education School Accountability Report Card

Reported Using Data from the 2022 - 2023 School Year
Published During 2023 - 2024

For: James McKee Elementary

Address: 8701 Halverson Dr, Elk Grove, CA 95624
Principal: Dreena Freeman

Phone: 916-686-3715
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2023 - 2024)

James McKee Elementary
"Excellence for All Whatever It Takes!"

James McKee Elementary provides a unique and wonderful educational experience for children - from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners. Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

The success of our school in implementing our district's mission can be evidenced through James McKee Elementary's special strengths, including music and art lessons, Advancement Via Individual Determination (AVID) Program for our 4th - 6th grade students, and, extra-curricular opportunities including the National Elementary Honor Society (NEHS), and Bear News Network.

Parent support and involvement continue to be important aspects for the success of James McKee Elementary. Some parents help plan the programs and policies, while others serve as classroom and library volunteers, plan family activities, or assist as chaperones on field trips. Parents also support student success by providing space, time and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

James McKee has a very active PTO that serves as a central support element of our school including providing major funding for equipment and programs on campus. We are fortunate to have wonderful community support for our school and children.

The safety of our students is this school's first and highest priority; therefore, the discipline policy is strictly enforced. Safety drills are practiced on a regular basis at James McKee. Please feel free to visit our campus or website at <http://blogs.egusd.net/jamesmckee> in order to better understand our programs and the opportunities available to volunteer or support your child academically.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2020 - 2021)

School Facility Conditions and Planned Improvements (School Year 2023 - 2024)

Our school has 37 classrooms, a large and small multipurpose room, a library, computer classroom, and office building. The main campus was opened from 1963 to 1967. In 1999 and 2007, the campus was modernized with renovations updating classrooms, the computer lab, the office, and our library. A perimeter fence and running track were added in 2012. A major project to improve the school's drainage was undertaken in 2013. Our school received a refresh of our building including painting inside and outside of classrooms, new carpeting, a water filling station, and other repairs in the summer of 2022.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at levels that provide a safe and functional environment for all students. The district uses a facility survey instrument developed by the State of California's Office of Public School Construction and performed by district staff. Emergency repairs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Custodians walk the campus daily to inspect facilities.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

There are no major deferred maintenance projects approved for our school at this time. It is anticipated, however, that modernization, technology, and security upgrades will occur on our campus in the near future with the passage of our local school bond as soon as the funds become available.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessment [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing state-administered assessments Percentage of Students Meeting or Exceeding the State Standards

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2023 - 2024\)](#)

Parents are a child's first and most important teacher and parent support is essential to your child's success. As such, our school strongly encourages parents to be involved in their child's education. Our school has an active PTO that raises money to support school activities through fundraisers such as the annual school Jog-A-Thon. Back to School Night, Open House, and parent conferences are a great opportunity for parents to stay involved in their child's education. Parents can also become involved by volunteering in the classroom.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

[School Safety Plan \(School Year 2023 - 2024\)](#)

Your child's safety is very important at James McKee. Our School Safety Plan is updated and reviewed by staff each year and was last updated in October 2023. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills is kept in the school office. School safety drills are conducted by the school site and periodic inspections are made by the Fire Marshal and the County of Sacramento. Visitors are required to check in and enter the premises through the office, and adult supervision is provided before and after school. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Types of Services Funded (Fiscal Year 2023 - 2024)

At James McKee Elementary School, we have highly qualified staff to assist students with special learning needs. Our Learning Center team works with our intervention team to support students on an Individualized Education Program (IEP) and other students needing support to meet grade-level standards. Strong collaboration between the general education staff and the Learning Center staff ensures that all students have an opportunity to be successful in school. Our intervention team also includes an Academic Intervention Teacher for students in grades K-3 who need more intensive support in reading. In addition, EL students participate in a classroom program for English Language development called Wonders. After school tutoring is available as for our EL students throughout the year. All of our students in 4-6 participate in AVID.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. Teachers meet several times during the year to review student test data to determine all students' strengths and weaknesses. This information is used to plan subsequent instruction to meet students' needs. Our teachers also take part in district professional development in instructional practices to hone their craft in reading, math, technology, and science that is intended to increase students' conceptual understanding of these subjects. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. New teachers, who have been teaching fewer than two years, are supported by the district's Beginning Teacher Support Program (BTSA). New teachers meet weekly with an experienced mentor at their grade level to discuss new ideas, successes and challenges, and successful instructional strategies. Finally, the district offers a variety of classes for support staff. Para-educators, school secretaries, office assistants, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
