School Accountability Report Card
Reported Using Data from the 2020 - 2021 School Year
Published During 2021 - 2022

For: Sunrise Elementary

Address: 11821 Cobble Brook Dr, Rancho Cordova, CA 95742
Principal: Martin Hock III

Phone: 916-985-4350
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2021 - 2022)

<p>Welcome to Sunrise Elementary School!</p> <p>Sunrise Elementary is a school committed to serving the needs of the whole child. With a curriculum that is focused on the California Common Core grade level standards, our students enjoy strong academic success. We have also sought out opportunities to develop our children's well-roundedness with instruction in technology, physical education, leadership, character development and the visual and performing arts- all while viewing these programs through a lens of equity.</p> <p>In addition to our exemplary academic and social-emotional programs, newcomers are attracted to the strong sense of community present on campus and in our school-wide events. This sense of community has continued to flourish even as the school's population has changed over the years.</p> <p>In addition to instruction in Language Arts and Mathematics, P.E., Science, Social Science, and technology instruction play a significant role in our curriculum. Every student has access to Chromebook tablets and all students receive weekly instruction from our computer resource teacher and P.E. teacher. Our library technician and collection of library books helps students to read and learn in a variety of genres on a range of topics. The Accelerated Reader Program encourages our 2nd-6th grade students to read often and widely.</p> <p>Our parent community takes an active role in our school, taking elected positions on our PFO, ELAC and School Site Council, raising and donating funds and supplies, and providing input on our school programs and culture.</p> <p>As a result of the commitment and professionalism of the school staff and the strong support of the community, Sunrise has prospered through budget changes, growth and downsizing, and the challenges related to the current pandemic. The 2021-22 school year marks our eighth year on a four track year round schedule. It is through our joint commitment to the education of children that we continue to maintain the fabric of our school, the quality of our instructional programs, and our overall purpose to see every child become college, career and life ready graduates.</p> <p>Martin Hock, Principal</p>

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2019 - 2020)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2021 - 2022)

Sunrise Elementary is nestled in the heart of the still growing Anatolia neighborhood in the city of Rancho Cordova. Our school campus has 40 classrooms including a Learning Center, multipurpose room, library, computer lab and our administration building. The main campus was built in 2006-2007. There are two playground spaces, one for kindergarten, and a second for Grades 1-6 that includes basketball, tetherball, and foursquare courts. A running and walking track surrounds our expansive playfield and grassy area.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The EGUSD Maintenance and Grounds department work in concert with the school site custodial team and site administrators to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team with the administrators to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

With our EGUSD bond measure, our school is slated for improvements including a covered shade structure for our playground. We have saved fundraising monies and additionally have been awarded a supplementary Rancho Cordova Measure H grant for the development of a school garden project to complement our science instruction. An upgrade to our stage sound system is also underway thanks to fundraising and grants.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020 - 2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2021 - 2022\)](#)

Parent involvement is a key to student success. There are a number of ways to become involved with your child's education. Our school has a very active PFO (Parent Faculty Organization) that promotes family activities and raises funds in support of school programs and special events. Our School Site Council assists the principal with important governance decisions and our English Language Advisory helps guide our programs for English Learners. For more information on parent involvement opportunities you may contact Mr. Hock at 916-985-4350.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

School Safety Plan (School Year 2021 - 2022)

The Sunrise Elementary Safety Plan was reviewed and goals were updated in February of 2022. Safety drills that address a variety of possible situations are taught and practiced monthly. Our campus is also fenced and gated. During the school day, parents must enter through the school office and log in through our Raptor system. Staff members provide supervision before and after school during arrival and dismissal times to ensure that all children are safe. We continue to work with our students, community, and law enforcement around issues related to traffic safety and safe routes to school in the community. Additional goals focus on providing students with instruction on topics such as bullying, stranger danger, and internet and cyber safety.

At Sunrise Elementary we have highly qualified staff to assist students with special learning needs, including two PALSS classes. Our special education and inclusion teachers support the learning needs of students as well as additional students identified through our PBIS Tier 2 process. Students who need support in learning to speak, read, and write English receive daily instruction during WIN time using specialized curriculum and strategies. Students in grades TK-6 receive instruction in the application of technology with our computer teacher. Students learn keyboarding, word processing, spreadsheets, the use of graphics programs, PowerPoint presentation, training in the Google platform, as well as safe use of the internet. Our NEHS and GATE programs help build community and academic achievement through engaging extra-curricular opportunities.

Professional Development

Professional development for the 2021-22 year has been centered on our instructional focus of writing across the curriculum as we sharpen our scope and sequence, calibrate our assessments, and improve the craft of writing for a variety of purposes. Our staff has participated in trainings relative to our Illuminate Assessment System as well as two days of pre-service focused on high quality instructional practices as well as meeting the social-emotional needs of children as we return to school in the midst of a pandemic.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
