

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Sunrise Elementary

Address: 11821 Cobble Brook Dr, Rancho Cordova, CA 95742
Principal: Martin Hock III

Phone: 916-985-4350
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Welcome to Sunrise Elementary School!

Sunrise Elementary is a school committed to serving the needs of the whole child. With a curriculum that is focused on the California Common Core grade level standards, our students enjoy strong academic success. We have also sought out opportunities to develop our children's well-roundedness with instruction in technology, physical education, leadership, character development and the visual and performing arts- all while viewing these programs through a lens of equity.

In addition to our exemplary academic and social-emotional programs, newcomers are attracted to the strong sense of community present on campus and in our school-wide events. This sense of community has continued to flourish even as the school's population has changed over the years.

In addition to instruction in Language Arts and Mathematics, P.E., Science, Social Science, and technology instruction play a significant role in our curriculum. Every student has access to Chromebook tablets and all students receive weekly instruction from our computer resource teacher and P.E. teacher. Our library technician and collection of library books helps students to read and learn in a variety of genres on a range of topics from diverse authors.

Our parent community takes an active role in our school, taking elected positions on our PFO, ELAC and School Site Council, raising and donating funds and supplies, and providing input on our school programs and culture. A hallmark feature of our school is our strong home-school relationship.

As a result of the commitment and professionalism of the school staff and the strong support of the community, Sunrise has prospered through budget changes, growth and downsizing, and the challenges related to local and global conditions. This school year marks our eleventh year on a four-track year round schedule. It is through our joint commitment to the education of children that we continue to maintain the fabric of our school, the quality of our instructional programs, and our overall purpose to see every child become college, career and life ready graduates.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2020 - 2021)

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	34.00	93.90%	2617.20	92.08%	228366.10	83.12%

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

Sunrise Elementary is nestled in the heart of the still growing Anatolia neighborhood in the city of Rancho Cordova. Our school campus has 40 classrooms including a Learning Center, multipurpose room, library, computer lab, staff lounge, and our administration building. Each "pod" of classrooms has a center area for teacher collaboration. The main campus was built in 2006-2007. There are two playground spaces, one for kindergarten, and a second larger playground for Grades 1-6 that includes basketball, tetherball, and foursquare courts. A running and walking track surrounds our expansive playfield and grassy area.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The Maintenance and Grounds department collaborates with custodians and administrators to ensure that school buildings and grounds are maintained at exceptional levels to provide a safe, functional and beautiful environment for all students. The district utilizes an electronic work order system enabling administration and custodians to communicate maintenance needs and urgent repairs. Repair needs are immediately resolved by district maintenance staff. The school's custodians work as a team with the administrators to develop a daily cleaning process and schedule. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has also adopted cleaning standards for all schools in the district.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

With funding from our EGUSD bond measure, our school now has a covered shade structure for our playground. Our PFO has also generously funded the install of a shade sail in our kindergarten play yard, a digital marquee, and a local muralist created a beautiful mural. We have been awarded supplementary grants through Rancho Cordova Measure H and Raley's for the continued development of our school garden project to complement our science instruction and to create a functional outdoor "classroom." Our district recently installed the latest Extron smart board projectors and technology in every classroom to help bring teaching and learning into the 21st century. Lastly, through grant funding and our Proposition 28 site budget we have upgraded our multipurpose room sound system.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

There are a number of ways to become involved with your child's education. Our school has a very active Parent Faculty Organization that promotes family activities and raises funds in support of school programs. Our School Site Council assists the principal with important governance decisions and our English Language Advisory guides our Multi-lingual Learner program. A parent also represents our community at the Superintendent's Parent Advisory meetings. We welcome your support! Connect with Principal Hock for more details at 916-985-4350.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2024 - 2025)

The Sunrise Elementary Safety Plan was reviewed and goals were updated in September 2024. Safety drills that address a variety of possible situations are taught and practiced monthly. Our campus is also fenced and gated during school hours. During the school day, the community must enter through the school office and log in through our Raptor check in system. Staff members provide supervision before and after school during arrival and dismissal times to ensure that all children are safe. We continue to work with our students, community, and law enforcement around issues related to traffic safety and safe routes to school in the community. Additional goals focus on providing students with instruction on topics such as facility cleanliness, bullying, stranger danger, and internet and cyber safety.

Types of Services Funded (Fiscal Year 2023 - 2024)

Our school has a variety of programs tailored to meet student needs and interests. Our school has highly qualified staff to assist students with special learning needs, including four Level 3 classes and a fully staffed Learning Center. Our academic intervention teacher supports students to progress daily. Students who need support in learning to speak, read, and write English receive daily instruction using specialized curriculum during daily workshop. Students in grades TK-6 receive technology instruction with our computer resource teacher with a focus on keyboarding, coding, the Google platform, and internet safety. In addition, select students participate in our award winning Spartan TV program. Our National Elementary Honors Society and GATE programs help build community and academic achievement through engaging extra-curricular opportunities, leadership, and volunteerism.

Professional Development

Professional development for this school year has been centered on our instructional focus of writing across the curriculum as we sharpen our scope and sequence, calibrate our assessments, and improve the craft of writing in all content areas. Our staff has also participated in trainings relative to our Illuminate Assessment System as well as two days of pre-service focused on high quality instructional practices as well as meeting the social-emotional needs of children as we continue the work of educating and meeting the needs of the whole child. Our TK-1st grade teachers receive training from our Curriculum and Professional Learning Department on developing early literacy and instructional best practices for our youngest learners. In addition, to better meet the unique needs of multi-lingual learners and all students, several teachers are participating in Guided Language Acquisition and Design professional development. Our staff will also participate in on-going professional development centered on diversity, equity and inclusion- important topics as we serve students and families in our diverse, pluralistic community. Lastly, several teachers have participated in the AVID program professional development to complement our efforts to develop college, career and life ready graduates.
