School Accountability Report Card
Reported Using Data from the 2020 - 2021 School Year
Published During 2021 - 2022

For: Valley High School

Address: 6300 Ehrhardt Avenue, Sacramento, CA 95823
Principal: Bridgette Kemp-Bell

Phone: 916-689-6500
Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2021 - 2022)

Valley High School is a place where high expectations lead to scholars' success. This success is rooted in the philosophy to "support and prepare the academic and social-emotional wellbeing of ALL Viking scholars to be college, career and life ready graduates by Engaging them in High Quality Instruction so that they can Achieve and see positive Results".

To support the social-emotional and well-being of all of our scholars, we designed a Wellness Center that provides access and self-advocacy. The wellness center team includes a fulltime Wellness Counselor, District Social-Worker and a fulltime school psychologist. This team works closely with the schools' guidance counselors, administrators, and Special Education staff forming a SEAL Team (Social Emotional Academic Learning) where they design an individual support plan for each scholar in need.

Further, our Wellness Center has a partnership with our Health Teach Academy which provides access to our community organizations that provide more targeted mental health services, such as Adolescent Counseling Services (ACS) .

To help support our incoming freshmen transition to high school, we are in the process of forming a Freshman Academy which will promote interpersonal skills, effective use of resources and a high degree of accountability. All Freshman scholars are expected to reach high standards in their academics and understand that there are no acceptable excuses for poor attendance, incomplete schoolwork, or inappropriate behavior.

Valley has the right balance of strong academic programs and interventions to meet the academic needs of all scholars. The following programs ensure that our scholars are college and career ready: Air Force JROTC, Health TECH Academy, Project Lead the Way, Graphic Design, Advancement Via Individual Determination (AVID), Entrepreneurship, Leadership Development, Fire Science Academy, English Learner Multilingual Advocate Partnership Team (focused on supporting our English Learners), Special Education Support Service, Improve Your Tomorrow (IYT), Honors and Advanced Placement Courses, ASSETS - After School Program, and Summer Intersession.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2019 - 2020)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements (School Year 2021 - 2022)

Valley High School opened in August 1977. Our school has ninety-two classrooms, four computer-lab classrooms, student services and administration buildings, a multipurpose room, small and main gymnasiums, a new maker-space building for Project Lead the Way and our entrepreneurship academies to collaborate and a library. We have added a new Fire Science building completed in the Spring of the 2020-2021 school year. All sports are played at Valley High School with the exception of the football team who plays in the stadium at Cosumnes River College. This year our soccer boys and girls will be playing on our new turf field, which was funded by Measure M funds. Our Green Club in conjunction with our AVID scholars have been beautifying our grove area with tree, shrubs and a future outdoor classroom area. To further support our students who may be receiving services from our Wellness Counselor, we have a tranquil space called the Secret Garden. This space allows students to meet with the counselor in a quiet, outdoor setting. Valley also has a multiuse theater, and a thriving Career Center where students come to learn more about college and career opportunities.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all scholars following all Centers for Disease Control and Prevention (CDC) guidelines. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. Also, should there be a COVID-19 case, our site and district maintenance/custodial personal take immediate actions to sanitized and disinfect all affected areas. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In November 2016, voters residing within EGUSD overwhelmingly voted to pass Measure M, the District's first ever general obligation school facilities bond measure. Measure M will provide EGUSD students and the community with \$476 million in critical improvements to existing school buildings and grounds. Aligned with needs identified in the District's Facilities Master Plan, these updates will help ensure healthy and safe school environments geared toward 21st century learning. The first district-wide infusion of Measure M funds went to replace our roofs; an all-weather turf field and the modernization of our D-wing to a maker-space classroom. Thereby, transforming the teaching and learning environment at Valley with 21st century classrooms designed with a suite of new digital tools and engineering equipment that are geared to create an engaging and personalized learning setting. In the spring of 2021, our new Fire Science Building was completed giving our scholars an opportunity to experience first-hand how firefighters train. Plans to replace our tennis courts will begin in the Spring of 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020 - 2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Career Technical Education Programs (School Year 2021 - 2022)

Career Technical Education (CTE) provides opportunities for VHS students to prepare for college, career and life. CTE offers a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Guidance and career counselors offer additional support focused on achieving the outcomes described in the EGUSD Graduate Profile. These services focus on the following: transcript review, college readiness, A-G completion, course selection, Academy applications, college admissions, post-secondary school opportunities, and how to access resources within the school and surrounding community. VHS offers the Get Focused, Stay Focused class to support freshmen. Each student creates a 10-year plan that focuses on college, career, and beyond.

VHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs (ECTE). CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at VHS also allow students to meet graduation requirements and complete A-G requirements. In 2019-20, VHS offered the following CTE programs: Health TECH Academy (CPA), Project Lead the Way Engineering (HQCP), Fire Science (HQCP), Entrepreneurship (HQCP), Medical Assistant (ECTE), EKG Technician (ECTE), and Graphic Design (HQCP).

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, experience in internships or externships, and other means. Our CTE programs are evaluated through multiple measures, including CTE pathway completion, graduation rates, A-G completion rates, GPA, and attendance. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2021 - 2022\)](#)

Achieving our school's vision involves a strong partnership between school, home, and the community. Parents are encouraged to take an active role in their child's education by visiting the school, regularly communicating with teachers, and monitoring their child's academic progress. Parents/Guardians are encouraged to join Valley High School's parent organizations including School Site Council, English Language Advisory Committee, and our Parent Engagement Team. For more information, contact Tonya Britton, school secretary at 916-689-6500.

School Safety Plan (School Year 2021 - 2022)

Valley High School provides a safe, positive learning environment for all scholars. School Safety Plan was reviewed by all stakeholders in December 2021. An Emergency Handbook, outlining a plan of action for earthquakes, fires, floods, and chemical spills, is kept in the main office and lockdown/fire drills are conducted annually. Security staff and administrators monitor our scholars throughout campus from 7 a.m. - 6 p.m. In addition, the Sacramento Sheriff's Department provides a full-time Regional Sheriff Deputy to support our scholars' supervision and safety. Furthermore, all outside visitors need to check-in through the main office. Valley High school has a School Safety Team which includes classified staff, certificated staff, students, and parents. This team meets monthly to evaluate and discuss the safety needs of the school.

All of the specialized programs at Valley High School are designed to meet not only the district's bold goal of 100% of Viking scholars being college and/or career ready, but also the Common Core State Standards. We are very proud of our academies including the following: The Health TECH Academy, Air Force JROTC unit, Project Lead the Way, and our Advancement Via Individual Determination (AVID) program. In addition to these programs, we have two new emerging programs at our school, Entrepreneurship and Fire Science. Our English Learner Multilingual Advocate Partnership has garnered state and national attention for its success with English Learners. Honors and Advanced Placement courses are open to all interested scholars, and provide the rigor and college preparatory skills needed for Gifted and Talented scholars. Academic intervention courses in math and English are provided to Viking scholars in need of additional support. Additionally, our before and after school program in conjunction with our Summer Intersession, provide remediation, enrichment, and support opportunities for hundreds of scholars.

Professional Development

EGUSD offers a variety of professional learning opportunities for all staff members. Teachers collaborate each week during Late Start Wednesday's and assigned PLC time on Wednesday afternoons. Special Education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities through district workshops throughout the year. EGUSD supports the Positive Behavior Interventions and Supports (PBIS) program at school sites. Valley, created a Wellness Center that supports our Tier 2 and 3 scholars with mental health counseling referrals. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may participate in classes that relate to their work

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
