## Teacher Credentials and Misassignments

In the 2019-2020 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

## School Facility Conditions and Planned Improvement

Samuel Jackman was built in 1990. The school has 42 classrooms, including portables, a multipurpose room, a library, a gymnasium, a weight room, a field area and track for PE and an administration building.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The district's governing board has a deferred maintenance program. Samuel Jackman had window coverings replaced in classrooms and a new alarm system installed during the 2014-2015 school year. Additionally, our weight-room was recently remodeled. We installed a new electronic marquee to assist with school-home communication. Our gym roof was replaced summer 2017. New roofs for the non-portables, HVAC replacement and modernizing F wing bathrooms were completed during the summer of 2018. In the Fall of 2021, interactive whiteboards and updated projectors were installed in the classrooms.

## California Assessment of Student Performance and Progress Results for All Students (School Year 2020 - 2021)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2019 - 2020	2020 - 2021	2019 - 2020	2020 - 2021	2019 - 2020	2020 - 2021
English Language Arts/Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

### Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Teachers were provided opportunities to meet weekly via the school's Early Out Wednesday schedule. In addition, teachers and departments are provided planning days with their departments. These planning days involve the support of our instructional coaches. Our teachers also take part in a variety of district and grant provided professional development programs that increase student academic achievement in all content areas.

### School Safety Plan

Safety is important to us at Samuel Jackman Middle School. We believe that nothing should interfere with the academic achievement of our students and it is crucial that our students always feel safe. Our district, including our Police Services Department is committed to providing a safe, secure environment for learning. All visitors are required to sign in at the front office. Additionally, administration, campus supervisors, and teachers supervise students before, during, and after school. Our staff reviews and updates our School Safety Plan each year. This was completed in February 2021. An Emergency Handbook, outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Periodic safety inspections are conducted by the County of Sacramento.

### Specialized Programs

At our school, we have highly qualified staff to assist students with special learning needs. Our Strategies department services not only special education students, but also general education students who need additional support to meet the standards. Gifted and Talented students participate in accelerated instruction in Language Arts, Math, and History. Students who need extra intervention or would like to participate in additional extension opportunities can do so in our three-hour after school ASES program or through other tutoring opportunities.

### Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.
