Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

A Message From the Principal

At Samuel Kennedy Elementary, everyone matters!

We believe that all students can and will achieve at high levels! Students, parents, teachers, and staff work together to create a school community where every child learns and every child is loved. Our school is a welcoming place where students are challenged to succeed every year, from pre-kindergarten through sixth grade and beyond with their individual goals set on a strong foundation toward college and career readiness.

Our academic program supports the Common Core State Standards, and teachers work together daily to provide targeted instruction at each child's level. High quality instruction is a top priority. Students benefit from clear behavior expectations throughout the school and frequent opportunities to be recognized for good citizenship, strong attendance, and academic achievement.

Samuel Kennedy strives to educate the whole child, involving our students in Student Leadership, AVID, STEAM, intramurals, VAPA, PBIS programs, and our phenomenal ASES Cougar Academy.

We actively seek family participation in all aspects of your child's education. Our office staff and parent liaisons are able to assist families in English and Spanish, and additional translation is available through the district. We also use the Talking Points app to help communicate with our families.

Together we are moving Kennedy forward, ensuring that our students receive an excellent education that opens doors to success in school and in life and where every child has his or her feet solidly set on the path to a college or career of their choice.

Sandra K. Brown, Principal
Antonia Slagle, Vice Principal
Chad Rede, Academic Program Coordinator

Parent Involvement

Parent involvement is essential to success in school. We encourage all parents to attend parent-teacher conferences, Back to School Night, Open House and our family events. Parents can join the School Site Council, the English Learner Advisory Committee, and the Parent Teacher Association. Parents are also warmly invited to volunteer in the classroom and chaperone on field trips. Free fingerprinting services are offered at our district's main office. For additional information, please contact our principal, Mrs. Brown, at 916-383-3311.

Teacher Credentials and Misassignments

In the 2019-2020 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

Kennedy Elementary School was built in 1964. This school has 40 classrooms, a multipurpose room, a computer lab, library, and an administration building. We also have a beautiful garden where our students plant vegetables and flowers throughout the year. We have approximately 100 staff members on our campus and we enroll over 1000 students every year.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at our main office.

This past year we completed multiple modernization projects. Each classroom received new interactive whiteboards using our Power of One funds. Projectors were mounted in each ceiling and teachers can now quickly access online resources at the touch of a finger.

We installed our kindergarten shade structure and will soon be installing a second shade structure on the playground. We will also be installing a new water bottle filling station near the multipurpose room.

At this time, we are working on adding additional benches, plants, trees, and flowerbeds throughout the campus. Our site gardening team is also working with our ASES program to complete additional projects throughout the campus.

During the summer of 2022, our classrooms are scheduled to receive new carpeting, new paint, and new light fixtures.

Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes. For the 2021 - 2022 school year, class sizes are 24 to 1 in Transitional Kindergarten through 3rd grade, and 28 to 1 in 4th through 6th grades.

California Assessment of Student Performance and Progress Results for All Students (School Year 2020 - 2021)

English Language Arts/Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Professional Development

Our school and district offer a variety of learning opportunities for teachers, paraeducators, and non-instructional support staff.

For 2021-2022, Kennedy teachers and administrators are receiving professional development on LETRS, AVID, effective PLCs, best practices for English Language Learners, and delivery of high quality instruction. Weekly teacher planning meetings focus on grade level Smart Goals, data-driven instruction, and addressing the academic and social needs of all students. Administrators and teachers work closely with our instructional coaches on improving instruction, improving fluency and comprehension, and implementing effective classroom management procedures. Monthly professional development trainings are held on the third Monday of every month. Teachers in 4-6 grades are also completing their AVID training so that full implementation of AVID will begin next year.

School Safety Plan

Our staff reviews all school safety procedures at the beginning of each school year. Emergency Folders are updated each summer and signage is posted clearly in each room. A copy of the emergency procedures plan is kept in the school office and is available to the public for review. Emergency drills are held once a month. Fire drills, Lock Down Drills, and Duck and Cover Drills are explicitly taught and practiced with the students and staff. We provide staff supervision before and after school, and all visitors are required to sign-in.

The district's Safety and Security Department works closely with our school site to complete an annual Comprehensive Safe School Plan addressing social safety issues such as behavior and bullying as well as physical safety. This plan was reviewed and approved by our staff on April 8, 2021.

Specialized Programs

Samuel Kennedy Elementary is one of the largest schools in the Elk Grove Unified School District. We have over 500 students who speak a second language, and our school community speaks 22 different languages. We have multiple programs that help us serve our English Language Learners. We provide daily ELD time where our students receive explicit instruction in English. We also have started a Newcomer program that services students who have been in the country for less than two years.

Students who are not working at grade level and need a little help with their reading skills will spend time working with our certificated teaching staff in our Reading Room. Intersession and tutoring opportunities are also provided throughout the year.

Students who are currently on IEPs are provided services in our Learning Center. Students on 504s are provided services in their home classrooms.
