Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

A Message From the Principal

MVES Grizzlies - Growing to Greatness!

Miwok Village Elementary opened in July 2022 as the 43rd elementary campus in the Elk Grove Unified School District and was named after the original residents of the Cosumnes River and the surrounding region.

All Grizzlies will honor the past and current Indigenous peoples from the area while simultaneously building a foundation of the cultural traditions of all students and families. MVES staff will provide learning environments grounded in social and emotional learning while cultivating positive and productive peer collaboration, and rigorous learning opportunities.

The MVES staff recognizes that we are the educational foundation for children, and we strive to develop a love of learning by ensuring that every student is learning in every classroom, in every subject, every day to prepare to be college, career, and life ready graduates.

All families are welcomed as partners in the learning and success of their children.

Jodi Boyle, Ed.D.
Principal
Miwok Village Elementary

Parental Involvement

There are a number of ways to become involved with your child's education. You are always welcome and encouraged to volunteer to support your child's learning in and out of the classroom. You can also become involved by attending our monthly MVES Community Q&A meetings, parent conferences, Back to School Night, Open House, ELAC meetings, Parent Teacher Association (PTA), and by joining the School Site Council (SSC). For more information on how to be involved, contact the school secretary, Ms. Calton, at (916) 831-2098.

Teacher Credentials and Misassignments

In the 2021-2022 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

Miwok Village Elementary opened as the 43rd elementary school site in July 2022. The school has 34 classrooms, a computer lab, a tinker room, a library, a multipurpose room, and an administration building designed to support preschool through sixth grade students. Outdoor learning spaces, developmentally appropriate playground structures for preschool through kindergarten and first through grade, track, and an outdoor amphitheater support students in their explorations outside of the classroom.

The district's Maintenance and Operations Department works in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team to develop a daily cleaning process and schedule. Each morning, the custodian inspects the school prior to students and staff entering the school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes. For the 2022 - 2023 school year, class sizes are 24 to 1 in Transitional Kindergarten through 3rd grade, and 28 to 1 in 4th through 6th grades.

Professional Development

Professional development opportunities are provided by the district, region, and site in implementing the Common Core Standards for Language Arts and Math. Professional Learning Communities have been established at each grade level and meet regularly to analyze data and collaborate to meet students' needs. Specific training is provided to meet the needs of English Language Learners.

Special education teachers attend ongoing training sessions to support them in the development of curriculum and strategies to best meet the needs of students with learning disabilities.

New teachers, who have been teaching for fewer than two years, are supported by the district's beginning teacher program. They meet regularly with an experienced mentor to discuss their successes, challenges, and new ideas for their classrooms.

Our district offers ongoing support for administration and staff on academics, safety, social-emotional learning, technology, and public policy. All support staff members are also provided ongoing training related to their work and responsibilities.

School Safety Plan

Our school is strongly committed to providing a safe and secure learning environment. School rules are enforced by all staff. Our School Safety Plan was reviewed and updated in December 2022. An "Emergency Handbook", outlining a plan of action for disasters such as earthquakes, fires, floods, and chemical spills, is kept in the school office and in every classroom. School drills and safety inspections are conducted regularly. The district's Safety and Security Department is readily available to support the school in any emergency or need in providing safety. Supervision of students is provided before and after school hours. We have a closed campus and all visitors must sign in through the office during school hours.

Specialized Programs

At our school, we have a highly qualified staff to assist students with special learning needs. English Learners are supported in developing language skills and accessing the core curriculum through our daily English Language Development/What I Need - ELD/WIN program, as well as during small group interventions. Gifted and Talented Education (GATE) students and accelerated students are challenged throughout the day through differentiated instruction. The MVES Learning Center offers instruction to Special Education students specific to their identified learning goals, and our Academic Intervention Teachers provide support to kindergarten through sixth grade students as identified by grade level progress toward standards. Students are provided opportunities to participate in extracurricular activities throughout the school year.
