Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

A Message From the Principal

Welcome to Sunrise Elementary School!

Sunrise Elementary is a school committed to serving the needs of the whole child. With a curriculum that is focused on the California Common Core grade level standards, our students enjoy strong academic success. We have also sought out opportunities to develop our children's well-roundedness with instruction in technology, physical education, leadership, character development and the visual and performing arts- all while viewing these programs through a lens of equity.

In addition to our exemplary academic and social-emotional programs, newcomers are attracted to the strong sense of community present on campus and in our school-wide events. This sense of community has continued to flourish even as the school's population has changed over the years.

In addition to instruction in Language Arts and Mathematics, P.E., Science, Social Science, and technology instruction play a significant role in our curriculum. Every student has access to Chromebook tablets and all students receive weekly instruction from our computer resource teacher and P.E. teacher. Our library technician and collection of library books helps students to read and learn in a variety of genres on a range of topics. The Accelerated Reader Program encourages our 2nd-6th grade students to read often and widely.

Our parent community takes an active role in our school, taking elected positions on our PFO, ELAC and School Site Council, raising and donating funds and supplies, and providing input on our school programs and culture.

As a result of the commitment and professionalism of the school staff and the strong support of the community, Sunrise has prospered through budget changes, growth and downsizing, and the challenges related to the current pandemic. The 2021-22 school year marks our eighth year on a four track year round schedule. It is through our joint commitment to the education of children that we continue to maintain the fabric of our school, the quality of our instructional programs, and our overall purpose to see every child become college, career and life ready graduates.

Martin Hock, Principal

Parental Involvement

Parent involvement is a key to student success. There are a number of ways to become involved with your child's education. Our school has a very active PFO (Parent Faculty Organization) that promotes family activities and raises funds in support of school programs and special events. Our School Site Council assists the principal with important governance decisions and our English Language Advisory helps guide our programs for English Learners. For more information on parent involvement opportunities you may contact Mr. Hock at 916-985-4350.

Teacher Credentials and Misassignments

In the 2019-2020 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

Sunrise Elementary is nestled in the heart of the still growing Anatolia neighborhood in the city of Rancho Cordova. Our school campus has 40 classrooms including a Learning Center, multipurpose room, library, computer lab and our administration building. The main campus was built in 2006-2007. There are two playground spaces, one for kindergarten, and a second for Grades 1-6 that includes basketball, tetherball, and foursquare courts. A running and walking track surrounds our expansive playfield and grassy area.

The EGUSD Maintenance and Grounds department work in concert with the school site custodial team and site administrators to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team with the administrators to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

With our EGUSD bond measure, our school is slated for improvements including a covered shade structure for our playground. We have saved fundraising monies and additionally have been awarded a supplementary Rancho Cordova Measure H grant for the development of a school garden project to complement our science instruction. An upgrade to our stage sound system is also underway thanks to fundraising and grants.

Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes. For the 2021 - 2022 school year, class sizes are 24 to 1 in Transitional Kindergarten through 3rd grade, and 28 to 1 in 4th through 6th grades.

California Assessment of Student Performance and Progress Results for All Students (School Year 2020 - 2021)

	School		District		State	
	2019 - 2020	2020 - 2021	2019 - 2020	2020 - 2021	2019 - 2020	2020 - 2021
English Language Arts/Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Professional Development

Professional development for the 2021-22 year has been centered on our instructional focus of writing across the curriculum as we sharpen our scope and sequence, calibrate our assessments, and improve the craft of writing for a variety of purposes. Our staff has participated in trainings relative to our Illuminate Assessment System as well as two days of pre-service focused on high quality instructional practices as well as meeting the social-emotional needs of children as we return to school in the midst of a pandemic.

School Safety Plan

The Sunrise Elementary Safety Plan was reviewed and goals were updated in February of 2022. Safety drills that address a variety of possible situations are taught and practiced monthly. Our campus is also fenced and gated. During the school day, parents must enter through the school office and log in through our Raptor system. Staff members provide supervision before and after school during arrival and dismissal times to ensure that all children are safe. We continue to work with our students, community, and law enforcement around issues related to traffic safety and safe routes to school in the community. Additional goals focus on providing students with instruction on topics such as bullying, stranger danger, and internet and cyber safety.

Specialized Programs

At Sunrise Elementary we have highly qualified staff to assist students with special learning needs, including two PALSS classes. Our special education and inclusion teachers support the learning needs of students as well as additional students identified through our PBIS Tier 2 process.

Students who need support in learning to speak, read, and write English receive daily instruction during WIN time using specialized curriculum and strategies.

Students in grades TK-6 receive instruction in the application of technology with our computer teacher. Students learn keyboarding, word processing, spreadsheets, the use of graphics programs, PowerPoint presentation, training in the Google platform, as well as safe use of the internet.

Our NEHS and GATE programs help build community and academic achievement through engaging extra-curricular opportunities.
