

Electives

Advocacy 7 14007

Department: Electives **Grade Level:** 07 **Credits:** 0.0 **Max Credits:** 0.0

This course is designed to provide students with personalized academic guidance. Students will learn study skills that can be applied across disciplines and will receive basic academic guidance each year from their assigned advocacy teacher. This course is Pass/No Pass.

Adopted curricular materials: No textbook assigned

Advocacy 7-8 14014

Department: Electives **Grade Level:** 07-08 **Credits:** 0.0 **Max Credits:** 0.0

This course is designed to provide students with personalized academic guidance along with a connection between the student, teacher, counselor, and the school. Students will learn study skills that can be applied across disciplines and will receive basic academic guidance each year from their assigned advocacy teacher. This course is Pass/No Pass.

Adopted curricular materials: No textbook assigned

Advocacy 8 14008

Department: Electives **Grade Level:** 08 **Credits:** 0.0 **Max Credits:** 0.0

This course is designed to provide students with personalized academic guidance. Students will learn study skills that can be applied across disciplines and will receive basic academic guidance each year from their assigned advocacy teacher. This course is Pass/No Pass.

Adopted curricular materials: No textbook assigned

ASB Club 07772

Department: Electives **Grade Level:** 07-08 **Credits:** 0.0 **Max Credits:** 0.0

This course is designed to provide students the opportunity to meet regularly and participate in activities with other students who share a common interest. Students receive basic guidance from an on-campus teacher/club advisor. Club categories are generated by student interest; therefore, content can vary from year to year. This course can be repeated, is not graded, and does not receive credits.

Adopted curricular materials: No textbook assigned

AVID 7 09007

Department: Electives **Grade Level:** 07 **Credits:** 10.0 **Max Credits:** 10.0

Students enrolled in AVID (Advancement Via Individual Determination) will receive academic and social support to assist them with preparing for college and career. Students will be taught skills and behaviors for academic success and will be provided with intensive support with tutorials and strong student/teacher relationships.

Adopted curricular materials: No textbook assigned

AVID 8 09008

Department: Electives **Grade Level:** 08 **Credits:** 10.0 **Max Credits:** 10.0

Students enrolled in AVID (Advancement Via Individual Determination) will receive academic and social support to assist them with preparing for college and career. Students will be taught skills and behaviors for academic success and will be provided with intensive support with tutorials and strong student/teacher relationships.

Adopted curricular materials: No textbook assigned

Computer Technology I

07702

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 10.0

This course is offered to introduce, refresh and enhance basic computer skills. Students will learn computer skills to successfully function in a technological society. Units of study include keyboarding, basic computer hardware, word processing, spreadsheets, desktop publishing, multimedia presentations, and internet research skills. Computer Science issues, technical reading, note taking, critical thinking, and problem solving skills are emphasized throughout the course of study. The course emphasizes the application of technology skills to other areas of the curriculum.

Adopted curricular materials: Educode Academy

NOTE: Beginning with the 2019-20 school year, this course does not satisfy the high school technology proficiency graduation requirement.

Digital Media

07751

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 10.0

This course is designed for students who are interested in planning and leading PR and marketing campaigns that support lunch time activities, clubs, sports, schoolwide activities and student recognition programs. Students will use social media and a variety of digital tools to educate and support the school's activities.

Adopted curricular materials: No textbook assigned

English Language Learner Support

07785

Department: Electives

Grade Level: 07-08

Credits: 10.0

Max Credits: 20.0

This course is designed to support English learner students with the acquisition of academic English. This course is repeatable for up to 20 credits.

Co-requisite: Concurrent enrollment in either English 7, English 8, and/or EL Intensive I-IV.

Adopted curricular materials: Inside, Study Sync, or Get Ready (dependent upon student's core English course)

Future Quest

07729

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 20.0

This course is designed to involve students in practical, career-oriented learning adventures that will help shape their educational journey. Students will be immersed in authentic, real-world problem-solving experiences. Through self-paced career exploration modules, students will acquire industry specific skills across various California sectors, like agriculture, child development, manufacturing, and culinary arts. After completing each module, they assess potential career options within these industries. It's an engaging way for students to discover their interests and talents while preparing for the future, and to learn about Career Technical Education (CTE) pathways in high school.

Adopted curricular materials: Paxton Patterson College & Career Ready Labs

Science Elective

04013

Department: Electives

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course offers students the opportunity to apply science and engineering concepts and knowledge to solve a variety of real world investigations, promoting a challenging classroom environment that actively engages students in scientific inquiry, reasoning, and critical thinking in a project-based setting.

Adopted curricular materials: Project Lead the Way, <https://www.pltw.org/>

Student Assistant

07711

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 10.0

This course introduces students to the various tasks associated with assisting a teacher with various tasks or school office personnel with the day-to-day operations of the school office. Under the supervision of school personnel, students will learn a wide range of practices to support classroom teachers or general office practices and functions to assist the school that may include answering phones, operating equipment, assisting with new student orientation, and giving campus tours. Student Assistants may be assigned to teachers, counselors, librarians, or office staff with providing vital service to the school campus. An application process may be required for enrollment in this course. Check with your school counselor to inquire about requirements.

Adopted curricular materials: No textbook assigned

Student Leadership I

07722

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 10.0

This course is for students who are selected (through an application process) to lead the Associated Student Body. Students will plan and lead activities that include field trips, assemblies, lunchtime activities, and student recognition programs. Students will develop and implement a budget that meets their goals and carry out school-wide fundraisers to support the many programs for students at the school. Students will also promote school spirit and develop leadership skills. Students must maintain a 2.0 GPA with no "F's" or "U's" in citizenship in order to remain enrolled in Leadership. This course is Pass/No Pass.

Adopted curricular materials: No textbook assigned

Study Skills

07710

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 10.0

This course is designed for students to learn how to effectively work with small groups of students in a variety of content areas. An emphasis will be placed on employing inquiry strategies in peer tutoring groups.

Adopted curricular materials: No textbook assigned.

Woodshop I

07769

Department: Electives

Grade Level: 07-08

Credits: 5.0

Max Credits: 10.0

This course provides students an opportunity to experience working with wood. Students will master the safe use of both hand and power tools and complete a number of construction projects throughout the course.

Adopted curricular materials: No textbook assigned

Woodshop II

07770

Department: Electives

Grade Level: 08

Credits: 5.0

Max Credits: 10.0

This course provides learning opportunities for students interested in building upon skills learned in Woodshop I, preparing for careers in cabinet construction and the wood products industry.

Adopted curricular materials: No textbook assigned

Yearbook

02636

Department: Electives

Grade Level: 07-08

Credits: 10.0

Max Credits: 20.0

Yearbook is an elective course designed to teach students the fundamental principles used to prepare, create, proof, and distribute a middle school yearbook while participating in leadership roles and activities. Key skills for creating the yearbook include layout and design, photography, interviewing, and writing with clear purpose and audience in mind. Yearbook can be both a fun and exciting experience in which students realize their creative potential.

Adopted curricular materials: No textbook assigned

English

Academic Writing for Success

02709

Department: English

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This English elective course is designed to build language, improve literacy skills, and expand content knowledge for Long-Term English Learners (LTEL) and struggling Redesignated English learner students. The areas of emphasis are language development, academic vocabulary acquisition, and the development of written skills. Thematic units ensure that students make connections to science, math, and social studies core content areas. Instruction includes student-centered activities that are culturally and linguistically responsive while simultaneously teaching students effective reading strategies. Students engage in lessons with culminating writing and oral projects for teaching listening, speaking, reading, and writing required to equip today's English Learner with communicative confidence.

Pre-requisite(s): Placement by site's EL team

Adopted curricular materials: English 3D Course B, Volume 1

EL English Intensive, MS Course I

02702

Department: English

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course provides English Learners with fundamental skills in reading, writing, speaking, and listening via a rigorous and rich academic curriculum that begins to move students to grade-level performance. Students who begin in this course need sequential work in phonemic awareness, phonics, decoding and spelling as well as foundational work in reading comprehension, vocabulary, language, and writing. This course builds language and literacy proficiency with robust instruction, accessible instructional level text, close reading of grade level text, and multiple short and in-depth integrated reading and writing opportunities.

Pre-requisite(s): Initial identification should be determined by multiple measures (CELDT, CST, SBAC, MYPAS, primary language proficiency, etc.); however, the program placement assessment should be used to determine specific course placement.

Adopted Curricular Materials: Get Ready! by Vista Higher Learning

EL English Intensive, MS Course II

02703

Department: English

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course provides English Learners with the next level of skills in reading, writing, speaking, and listening via a rigorous and rich academic curriculum that continues to move students to grade-level performance. While students who begin in this course have more language proficiency, they need intensive work to build academic vocabulary and language, build fluency with more complex texts, and develop skill in comprehension, literary analysis, and writing. This course builds language and literacy proficiency with robust instruction, accessible instructional level text, close reading of grade level text, and multiple short and in-depth integrated reading and writing opportunities.

Prerequisite: Initial identification should be determined by multiple measures (CELDT, CST, SBAC, MYPAS, primary language proficiency, etc.); however, the program placement assessment should be used to determine specific course placement.

Adopted Curricular Materials: Get Ready! by Vista Higher Learning

EL English Intensive, MS Course III

02704

Department: English

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course provides English Learners with the next level of skills in reading, writing, speaking, and listening via a rigorous and rich academic curriculum that continues to move students to grade-level performance. While students who begin in this course have more language proficiency, they need intensive work to build academic vocabulary and language, build fluency with more complex texts, and develop skill in comprehension, literary analysis, and writing. This course builds language and literacy proficiency with robust instruction, accessible instructional level text, close reading of grade level text, and multiple short and in-depth integrated reading and writing opportunities. This course meets CSU and UC a-g requirements if it is the first high school intensive English course taken by a student.

Adopted Curricular Materials: Inside Level B, National Geographic Learning/Cengage Learning

ELA Literacy 7-8

02451

Department: English

Grade Level: 07-08

Credits: 10.0

Max Credits: 20.0

This course is an intensive intervention class designed for students who have a multi-year trend of being more than two years below grade level in reading and writing and who have demonstrated eligibility for the course based on targeted assessments. The goal of ELA Literacy is to accelerate student learning for the purpose of being able to exit the course and to be successful with grade-level ELA and literacy standards in all content areas. This class provides students with opportunities to remediate foundational literacy skills via an engaging technology component that addresses a student's individual needs and learning pace. Additionally, whole class and small group instruction are provided in a scaffolded manner anchored in the ELA Common Core State Standards. This course earns English credit.

Pre-requisite(s): Placement by site's intervention team based on identified district data points and assessments

Adopted Curricular Material: Language! Live (California edition), Voyager Sopris Learning, Inc.

English 7

02400

Department: English

Grade Level: 07

Credits: 10.0

Max Credits: 10.0

This course is designed to address California's 7th grade Common Core State Standards for English Language Arts. The individual performance standards at these grade levels define competencies for 7th grade and will gauge the degree to which a student has met the overall content standards. Instruction will attend to the skills and concepts necessary for mastery of reading informational and literary text, writing, speaking and listening; and language.

Adopted curricular materials: CA StudySync 7, McGraw-Hill Education

English 7 Honors

02430

Department: English

Grade Level: 07

Credits: 10.0

Max Credits: 10.0

This course will provide students with a rigorous curriculum that teaches to the same standards as the English 7 course. At the honors level, however, extended learning activities move at an accelerated pace with a more concentrated focus on complex texts.

Adopted curricular materials: CA StudySync 7, McGraw-Hill Education

English 8

02500

Department: English

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course is designed to address California's 8th grade Common Core State Standards for English Language Arts. The individual performance standards at these grade levels define competencies for 8th grade and will gauge the degree to which a student has met the overall content standards. Instruction will attend to the skills and concepts necessary for mastery of reading informational and literary text, writing, speaking and listening; and language.

Adopted curricular materials: CA StudySync 8, McGraw-Hill Education and Refugee, Scholastic Inc.

T. R. Smedberg Middle School

Course Catalog

Year: 2024-2025
Report: U-CRS1201

English 8 Honors

02530

Department: English

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course provides students with a challenging curriculum that teaches to the same standards as the English 8 course. At the honors level the curriculum moves at an accelerated pace with a more concentrated focus on complex texts.
Adopted curricular materials: CA StudySync 8, McGraw-Hill Education

History/Social Science

Social Science 7 01510

Department: History/Social Science **Grade Level:** 07 **Credits:** 10.0 **Max Credits:** 10.0

This course will introduce students to world cultures and geography. All units will be taught within a structured format to present the essential elements of government, religion, economics, achievements, and geography. Students will examine the social, cultural and technological changes during the period of 500 - 1789 A.D. Thematic units will drive the curriculum and will guide students through the acquisition of the lifelong skills of reading, writing, technology, research, and oral communication. Adopted curricular materials: World History & Geography: Medieval to Early Modern Times, McGraw Hill

Social Science 7 Honors 01520

Department: History/Social Science **Grade Level:** 07 **Credits:** 10.0 **Max Credits:** 10.0

In this course, students will study the same standards as in the Social Science 7 course. At the honors level, the increased academic rigor of the course is based on additional reading and writing assignments. These extended learning activities will require students to utilize skills in critical analysis, synthesis, evaluation, and problem solving. Honors students must have the motivation to accelerate through standards and handle a more rigorous pace when learning. Adopted curricular materials: World History & Geography: Medieval to Early Modern Times, McGraw Hill

Social Science 8 01550

Department: History/Social Science **Grade Level:** 08 **Credits:** 10.0 **Max Credits:** 10.0

In this course students will study United States history from 1600 to 1920, concentrating on the critical events from the framing of the Constitution to World War I. Students will examine the social, cultural, political, and technological changes during this time in American history. The in-depth investigation of historical events and periods, the fostering of multicultural awareness, and the recognition of ethical, civic, and democratic values present in American history represent the major aspects of this course. Adopted curricular materials: United States History & Geography: Growth & Conflict, McGraw Hill

Social Science 8 Honors 01560

Department: History/Social Science **Grade Level:** 08 **Credits:** 10.0 **Max Credits:** 10.0

In this course students will study the same standards as in the Social Science 8 course; however, at the honors level, the increased academic rigor of the course is based on additional enrichment activities, reading, and writing assignments. The extended learning activities require students to increase their use of critical thinking styles to include analysis, synthesis, evaluation, and problem solving. Honors students must have the motivation to accelerate through standards and handle a more rigorous pace when learning. Adopted curricular materials: United States History & Geography: Growth & Conflict, McGraw Hill

Social Science: US Hist & Geography, Newcomer EL 01565

Department: History/Social Science **Grade Level:** 07-08 **Credits:** 10.0 **Max Credits:** 10.0

This course is for beginning and emerging English Language Learner students. In this course, students will study United States history from 1600 to 1920, concentrating on the critical events from the framing of the Constitution to World War I. All units will be taught within a highly scaffolded, structured format to present the essential elements of ethical, civic, and democratic values present in American history. This course will address both the California history content standards and framework in addition to the ELD standards. Highly visual thematic units with an emphasis on language and vocabulary will drive the curriculum and will guide students through the acquisition of English language skills in reading, writing, listening, and speaking. Scaffolding should include, but not be limited to, maps, pictures, videos, graphic organizers, and realia at levels appropriate to meet the Newcomer EL student needs.

Co-Requisite(s): EL English Intensive, MS Course I, EL English Intensive, MS Course II, EL English, MS Course III, or EL English Intensive, MS Course IV; OR enrolled in the site's Newcomer Program

Adopted curricular materials: Impact Social Studies: U.S. History & Geography: Growth & Conflict, McGraw-Hill, Copyright 2019

T. R. Smedberg Middle School

Course Catalog

Year: 2024-2025

Social Science: World History, Newcomer EL

01525

Department: History/Social Science

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course will introduce emerging English Language Learner students to world cultures and geography. All units will be taught within a scaffolded, structured format to present the essential elements of government, religion, economics, achievements, and geography. Students will examine the social, cultural, and technological changes during the period of 500-1789 A.D. This course will address both the California history content standards and framework in addition to the ELD Standards. Visual thematic units with an emphasis on language and vocabulary will drive the curriculum and guide students through the acquisition of English language skills in reading, writing, listening, and speaking. Scaffolding should include but not be limited to maps, pictures, videos, graphic organizers, and realia at levels appropriate to meet the Newcomer EL student needs. The content emphasis will be on the World History, and topics may include how regions of the time became more interconnected; how these cultures interacted; the effects of their interactions on agriculture, cities, religion, human populations, and the power of government. In addition, a look at how these changes impacted the environment. Content can also include Rise and Fall of Rome; Medieval Europe; Islamic Civilization; India in the Middle Ages; Imperial China; Korea & Japan; the Americas; African Civilization; and World Religions (1300-1750 A.D.).

Co-Requisite(s): EL English Intensive, MS Course I, EL English Intensive, MS Course II, EL English, MS Course III, or EL English Intensive, MS Course IV; OR enrolled in the site's Newcomer Program

Adopted curricular materials: Impact Social Studies: World History & Geography: Medieval to Early Modern Times, McGraw-Hill, Copyright 2019

Mathematics

Math Mindset 7

03517

Department: Mathematics **Grade Level:** 07 **Credits:** 10.0 **Max Credits:** 10.0

This course is designed for students who would benefit from exploring their own capacity to strengthen both their math content skills and their Standards of Mathematical Practice (SMP) skills. Both grade-level content and SMP skills, such as perseverance, using mathematic tools strategically, and constructing viable arguments, will support shifting a student's attitude about their own ability to being successful at math in middle school and beyond. This course will provide additional skills and strategies as well as concurrent math support to increase student math success.

Co-requisite: Concurrent enrollment in Mathematics 7

Adopted curricular materials: Imagine IM il classroom or ALEKS (digital)

Math Mindset 8

03518

Department: Mathematics **Grade Level:** 08 **Credits:** 10.0 **Max Credits:** 10.0

This course is designed for students who would benefit from exploring their own capacity to strengthen both their math content skills and their Standards of Mathematical Practice (SMP) skills. Both grade-level content and SMP skills, such as perseverance, using mathematic tools strategically, and constructing viable arguments, will support shifting a student's attitude about their own ability to being successful at math in middle school and beyond. This course will provide additional skills and strategies as well as concurrent math support to increase student math success.

Co-requisite: Concurrent enrollment in Mathematics 8

Adopted curricular materials: Imagine IM; il Classroom or ALEKS (digital curriculum)

Mathematics 7

03511

Department: Mathematics **Grade Level:** 07 **Credits:** 10.0 **Max Credits:** 10.0

This course focuses on four critical areas: (1) developing understanding of and applying proportional relationships, including percentages; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric constructions and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples.

Adopted curricular materials: Imagine IM, Grade 7, Imagine Learning and ALEKS

Mathematics 7 Accelerated

03513

Department: Mathematics **Grade Level:** 07 **Credits:** 10.0 **Max Credits:** 10.0

This course is an accelerated math course for the student who not only is advanced in the math skills and understanding, but who can move through the math standards at a faster pace. The CA framework suggests this "compacted" pathway in which the standards from grade seven, grade eight, and the Mathematics I course be compressed into an accelerated pathway. Students will complete all 7th grade standards and the first half of the 8th grade standards. This course leads to the completion of high school Mathematics I by the end of 8th grade, but does not skip any grade-level standards along the way.

Adopted curricular materials: Imagine IM Grade 7, Imagine IM Grade 8, ALEKS (digital on-line curriculum)

T. R. Smedberg Middle School

Mathematics 7A

03521

Department: Mathematics

Grade Level: 07

Credits: 10.0

Max Credits: 10.0

This course, designed for schools on a 4x4 block schedule, is the first in a two-course series that focuses on the four critical areas of Grade 7 mathematics: (1) developing understanding of and applying proportional relationships, including percentages; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric constructions and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples. Together with Math 7B, these two courses, occurring over four terms/quarters, provide students with instruction on all Grade 7 math standards.

Adopted curricular materials: Imagine IM, Grade 7, Imagine Learning or ALEKS (Digital)

Mathematics 7B

03522

Department: Mathematics

Grade Level: 07

Credits: 10.0

Max Credits: 10.0

This course, designed for schools on a 4x4 block schedule, is the second in a two-course series that focuses on the four critical areas of Grade 7 mathematics: (1) developing understanding of and applying proportional relationships, including percentages; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric constructions and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples. Together with Math 7A, these two courses, occurring over four terms/quarters, provide students with instruction on all Grade 7 math standards.

Adopted curricular materials: Imagine IM, Grade 7, Imagine Learning or ALEKS (Digital)

Mathematics 8

03514

Department: Mathematics

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course focuses on three critical areas: (1) formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; (2) grasping the concept of a function and using functions to describe quantitative relationships; (3) analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence and understanding and applying the Pythagorean Theorem.

Adopted curricular materials: Imagine IM, Grade 8 or ALEKS (digital curriculum)

Mathematics 8A

03516

Department: Mathematics

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course, designed for schools on a 4x4 block schedule, is the first in a two-course series that focuses on the three critical areas in Mathematics 8: (1) formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; (2) grasping the concept of a function and using functions to describe quantitative relationships; (3) analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem. Together with Mathematics 8B, these two courses, occurring over four terms/quarters, provide students with instruction on all Grade 8 math standards.

Adopted curricular materials: Imagine IM, Grade 8 or ALEKS (digital curriculum)

Mathematics 8B

03519

Department: Mathematics

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course, designed for schools on a 4x4 block schedule, is the second in a two-course series that focuses on the three critical areas in Mathematics 8: (1) formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; (2) grasping the concept of a function and using functions to describe quantitative relationships; (3) analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem. Together with Mathematics 8A, these two courses, occurring over four terms/quarters, provide students with instruction on all Grade 8 math standards.

Adopted curricular materials: Imagine IM, Grade 8 or ALEKS (digital curriculum)

Mathematics I

03015

Department: Mathematics

Grade Level: 08-12

Credits: 10.0

Max Credits: 10.0

Graduation Requirement: Mathematics I

UC/CSU: Mathematics I (c)

NCAA: Yes

This course is the first course in a series of three that uses an integrated approach to cover the following domains: Number and Quantity, Algebra, Functions, Geometry, and Statistics and Probability. The problem situations, models, and technology used will foster connections to the eight standards of mathematical practice, which develop concepts from multiple perspectives.

Mathematics I topics focus on the interconnectedness of function elements, tables, graphs, and equations; comparison and contrast and decision-making using Algebraic models; proving Geometric theorems about two-dimensional figures; and modeling using mathematical probability. Technology will be used to introduce and expand upon all areas of focus

Pre-requisite for students taking Mathematics I in Grade 8: Mathematics 7 Accelerated with a grade of C or better

Adopted curricular materials: Reveal Math Integrated I, McGraw Hill or ALEKS (digital curriculum)

Physical Education

Physical Education 7

08000

Department: Physical Education

Grade Level: 07

Credits: 10.0

Max Credits: 10.0

This course is the study and practice of the science and art of human movement. Through physical education, individuals demonstrate the knowledge and ability to perform motor skills and movement patterns for everyday life. Students will assess and maintain physical fitness to improve health and performance through vigorous activities while demonstrating knowledge of fitness concepts, principles, and strategies. Students will utilize knowledge of psychological and sociological concepts, principles, and strategies throughout physical activity. The 7th-grade activities and sports may include fitness training, cooperative activities, net games, invasion games, target games, track and field skills, and multi-cultural dance.

Adopted curricular materials: No textbook assigned

Physical Education 8

08010

Department: Physical Education

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course is the study and practice of the science and art of human movement. Through physical education, individuals demonstrate the knowledge and ability to perform motor skills and movement patterns for everyday life. Students will assess and maintain physical fitness to improve health and performance through vigorous activities while demonstrating knowledge of fitness concepts, principles, and strategies. Students will utilize knowledge of psychological and sociological concepts, principles, and strategies throughout physical activity. The 8th-grade activities and sports may include volleyball, flag football, team handball, soccer, basketball, square dance, gymnastics/tumbling, fitness training, cooperative activities, and striking and fielding games.

Adopted curricular materials: No textbook assigned

Science

Life Science, Newcomer EL

04800

Department: Science

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course will introduce newcomer English language learners to the science and engineering practices through exploration of phenomena, hands-on laboratory activities, problem-solving situations, open-ended investigations, and cooperative/collaborative work. Life Science EL will address both the California science content standards and the ELD standards. Students will develop their language skills in reading, writing, listening, and speaking through learning the content scaffolded to meet their needs. The emphasis will be on the life sciences, and topics may include: structures and processes, ecosystems, heredity, and biological evolution. A unit on comprehensive sexual health is also included as part of the curriculum.

Adopted curricular materials: STEMscopes CA-NGSS-3D, Grade 7 Life Science

Physical Science, Newcomer EL

04801

Department: Science

Grade Level: 07-08

Credits: 10.0

Max Credits: 10.0

This course will help newcomer English language learners build on science and engineering practices explored in earlier grades. Physical Science EL will address both the California science content standards and the ELD standards. Students will continue development of their language skills in reading, writing, listening, and speaking through exploration of phenomena, hands-on laboratory activities, problem-solving situations, open-ended investigations, and cooperative/collaborative work. The content will be scaffolded to meet their needs. The emphasis will be on the physical sciences, and topics may include: matter and its interactions, motion and stability, energy, and waves and their applications.

Adopted Curricular materials: STEMscopes CA-NGSS-3D, Grade 8 Physical Science

Science 7

04010

Department: Science

Grade Level: 07

Credits: 10.0

Max Credits: 10.0

This course engages students in science and engineering practices through exploration of phenomena, hands-on laboratory activities, problem-solving situations, open-ended investigations, and cooperative/collaborative work. The course emphasis is on the life sciences, and topics may include structures and processes, ecosystems, heredity, and biological evolution. A unit on comprehensive sexual health is also included as part of the curriculum.

Adopted curricular materials: STEMscopes CA-NGSS-3D, Grade 7 Life Science

Science 8

04020

Department: Science

Grade Level: 08

Credits: 10.0

Max Credits: 10.0

This course builds on the science and engineering practices explored in earlier grades. The course emphasis is on the physical sciences, and topics may include matter and its interactions, motion and stability, energy, and waves and their applications.

Adopted curricular materials: STEMscopes CA-NGSS-3D, Grade 8 Physical Science

Visual/Performing Arts

Art I **06516**

Department: Visual/Performing Arts **Grade Level:** 07-08 **Credits:** 5.0 **Max Credits:** 10.0

This course introduces students to the basic elements and principles of art. The students will experience many of the following two-dimensional media and techniques: paint (watercolor, tempera, and acrylic), oil and chalk pastels, pen and ink, linoleum printing, silk screening, cartooning, and calligraphy.
