Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Elk Grove Unified School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Elk Grove Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Elk Grove Unified School District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Elk Grove Unified School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Elk Grove Unified School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

(Continued)

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Elk Grove Unified School District’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Elk Grove Unified School District’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis on pages 4 to 14 and the General Fund Budgetary Comparison Schedule, the Schedule of Changes in the District’s Total Other Postemployment Benefits (OPEB) Liability, the Schedule of the District’s Proportionate Share of the Net Pension Liability, and the Schedule of the District’s Contributions on pages 60 to 65 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Elk Grove Unified School District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and, except for that portion marked "unaudited", was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2022 on our consideration of the Elk Grove Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Elk Grove Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Elk Grove Unified School District's internal control over financial reporting and compliance.

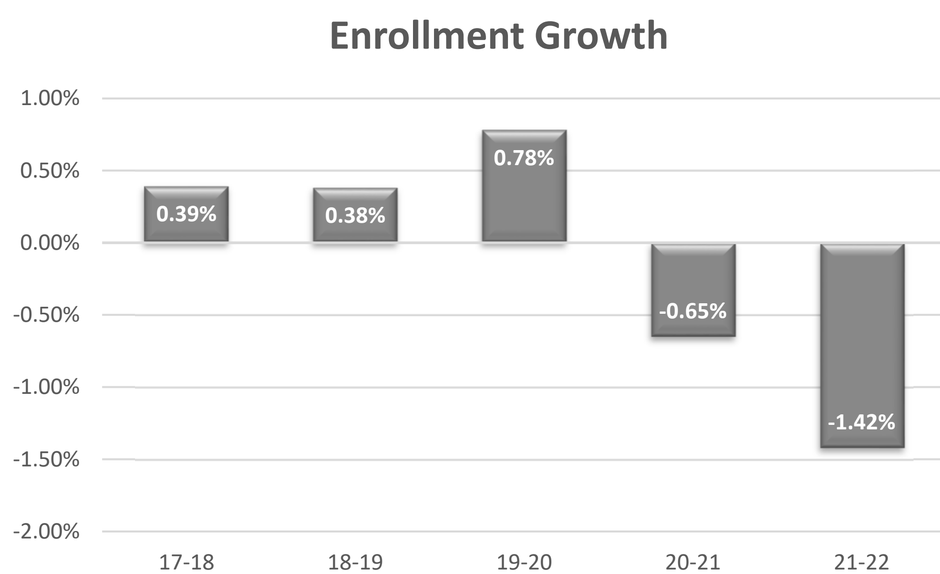
Management's Discussion and Analysis

The following discussion and analysis are a reflection on the 2021/2022 school year. The Elk Grove Unified School District (EGUSD), located in one of the most diverse areas of California, is an award-winning district known for its commitment to academic excellence and learning for all students. The district remains the fifth largest school district in California as well as the largest in Northern California, serving approximately 63,000 students speaking nearly 90 different languages. The district has 68 schools (43 elementary schools, 9 middle schools, 9 high schools, 4 alternative schools including one virtual online K-8 program, 1 charter school, 1 special education school, 1 adult education school, and offers preschool programs at multiple elementary sites). For the 2021/2022 school year the District employed on a regular basis 3,727 certificated employees, and 2,654 classified employees. The district covers 320 square miles within the City of Elk Grove, the City of Sacramento, the City of Rancho Cordova, and the unincorporated area of Sacramento County.

Offering a multitude of educational programs, including nearly 65 career-themed academies and pathways within 14 industry sectors, we prepare our students for college, career and life, supporting them with the means to be creative problem solvers, self-aware, self-reliant, and self-disciplined; technically literate; effective communicators and collaborators; and engaged in the community as individuals with integrity. We integrate rigorous academics with career-based learning and real world workplace experiences and ensure that Every Student is Learning, in Every Classroom, in Every Subject, Every Day to Prepare College, Career, and Life Ready Graduates.

Historically, EGUSD was one of the fastest growing school districts in the nation. However, economic conditions including the Great Recession and subsequent economic circumstances including the impacts of COVID-19 have slowed the District's overall growth. The District continues to experience relatively rapid growth in the extreme northern and southern regions of its boundary, with moderate growth in various other regions, resulting in the continued need for new elementary schools in the Cities of Rancho Cordova and Elk Grove. These regions of rapid growth are somewhat offset, districtwide, by a number of maturing regions in the District's jurisdiction that are experiencing cyclical demographic declines.



Learning Vision, Strategic Goals and Graduate Profile

EGUSD implements and evaluates comprehensive and integrated academic, wellness and family and community services to realize the District's learning vision – Every student learning in Every classroom, in Every subject, every day to prepare college, career, and life ready graduates.

The District's has four strategic goals to maintain the focus of and coherence among the District's educational programs and services:

Goal 1: High Quality Classroom Instruction & Curriculum - All students will receive high quality classroom instruction and curriculum to promote college, career and life readiness and close the achievement and opportunity gaps.
Goal 2: Student Assessment & Program Evaluation - All students will benefit from instruction guided by assessment results (formative, interim, and summative) and continuous programmatic evaluation.
Goal 3: Wellness - All students will learn in an equitable, culturally responsive, physically, and emotionally healthy and safe environment.
Goal 4: Family & Community Engagement - All students will benefit from programs and services designed to inform and engage family and community partners.
Goal 5: Targeted Supports - Students with Disabilities, students in Foster Care, and students who identify as Black/African American will benefit from targeted programs and services that leverage their assets, affirm their identities, and address their needs to close achievement, opportunity, and relationship gaps.

In addition to its learning vision and strategic goals, the District's Graduate Profile ensures that each graduate demonstrates readiness to succeed in college, career and life by successfully demonstrating six critical skills:

1. Creative Problem-solving
2. Technical Literacy
3. Community Engagement
4. Self-Awareness, Self-Reliance, Self-Discipline
5. Integrity
6. Communication and Collaboration

The District strives to implement its strategic vision toward improving student outcomes while maintaining fiscal solvency.

Financial Reports

In June 1999, the Governmental Accounting Standards Board (GASB) issued Codification Section N50.118-.121 (formerly GASB 34), *Basic Financial Statements—and Management's Discussion and Analysis—For State and Local Governments.* This standard significantly changed the way school districts report their finances to the public. While each individual fund is monitored, greater focus of financial reporting is now on the overall status of the local educational agency's (LEA) financial health.

Fiscal year 2001/2002 was the first year the District accounted for the value of capital assets and included these values as part of the financial statements. The value of all assets including land, buildings, equipment and depreciation, are now displayed as part of the statements as required by N50.118-.121. Net position, the difference between the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, are one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position is one indicator of whether its financial position is improving or declining.

Statement of Net Position

The *Statement of Net Position* for the 2021/2022 year shows the District's net position as $291,412,250. This amount includes the value of the land, buildings, and equipment (less depreciation) owned by the District as well as all liabilities such as bond repayment obligations. June 30, 2014 was the first year that included the implementation of GASB 68 (Accounting and Reporting for Pensions).

Financial Condition of the General Fund

Local Control Funding Formula income is the major component of the District's unrestricted income. The District relies on these revenues to cover cost increases for employee salaries and benefits, other fixed costs and also consider new programs from these monies. The following tables summarize fund balance changes and operational fund financial statements.

Summary of General Fund Financial Operations			**General Fund Change in Fund Balance**			
	June 30, 2021	June 30, 2022		**Restricted**	**Unrestricted**	**Total**

During 2021/2022 District staff updated the Board of Education and stakeholders of the financial condition of the General Fund by way of routine Budget Update Reports at Board of Education meetings. These updates along with other important financial information impacting the District were posted to the District's website to increase community awareness. In addition, the budget was updated to recognize changes in anticipated revenue and expenditures during interim reporting periods. The District also provides routine budget updates throughout the year to individual bargaining units as well as a combined body representing all bargaining units referred to as Partners in Education (PIE). District staff also works to support a Board appointed Finance Subcommittee made up of multiple members of the community who makes annual reports to the Board each year in order to assist the Board in making budget priorities and policy.

General Fund Revenues

More than 72% of the District's General Fund revenue is generated from the District's Local Control Funding Formula (LCFF). The LCFF includes State Aid and property taxes and is based on a state-determined dollar amount times the average number of students who are in attendance throughout the school year.

The other source of revenue is federal, state and local categorical income that must be spent for specific determined programs. Categorical programs amount to 25% of the District's income. The largest state categorical program is funding for a portion of Special Education services.

The District's total resources for expenditures include a "beginning balance", which represents the unexpended balance from the prior year. During the 2021/2022 school year, the District's total General Fund ending fund balance increased by $17,365,374.

General Fund Expenditures

Employee salary and benefit costs consume 80% of the District's general fund expenditures. Expenditures that go directly to the classroom for instructional purposes amount to 63% of the District's general fund expenditures. A significant portion of California school district income is restricted income and, as such can only be expended for selected purposes as determined by the allocating agency. The balance of the District's income is unrestricted since it can be expended as determined by the local agency for general educational purposes.

Post Retirement Employee Benefits

Elk Grove Benefits Employee Retirement Trust (EGBERT) was established on February 20, 1996, pursuant to an agreement among the bargaining units representing District employees and the District. This trust was established to provide health and welfare benefits as defined in Sections 3543.2 and 53200 of the Government Code through a Health and Welfare Plan for the retired eligible employees of the District and their eligible dependents. Participation in EGBERT is limited to District employees, their respective dependents, and board members who retire and qualify pursuant to appropriate Education Code and EGBERT vesting and eligibility requirements.

Mello-Roos, General Obligation Bond and Capital Facilities Resources

Due to funding deficiencies associated with state funds and developer fees, the District, in 1987, confirmed the establishment of Elk Grove Unified School District Community Facilities District (CFD) #1 to implement a Mello-Roos Special Tax. The special tax is assessed to pay the interest and principal repayment of issued bonds. Proceeds of the bonds are to be used for improvements to existing elementary, middle, and high schools; for new elementary, middle and high schools in the District and for other educational centers, support centers and improvements to school grounds. On April 28, 1987 the District passed a $70,000,000 local bond measure to finance certain elementary and secondary school support facilities.

As a result of continued growth and funding deficiencies, the District's Board of Education adopted resolutions on October 20, 1997 calling for an election to authorize the issuance of additional special tax bonds, while at the same time reconfirming CFD #1. On March 10, 1998, registered voters in the District authorized the issuance of an additional $205,000,000 principal amount of special tax bonds. The Mello-Roos funds are intended to provide a source of funds for the required matching of state funds due under the State's School Facility Program. They also provide funding for facility needs not funded by state funds or developer fees, as well as funding for modernization, deferred maintenance, additions, technology and student support services such as Transportation, Food and Nutrition Services, Police Services and Maintenance and Operations.

In November of 1998, the District issued its first series of special tax bonds pursuant to the 1998 Authorization in the principal amount of $28,954,336. In November of 2001, November 2003, November 2005 and November of 2008 the District issued the second, third, fourth and fifth series of special tax bonds pursuant to the 1998 Authorization in the amounts of $21,343,383, $28,000,828, $43,540,000 and $31,226,133 respectively. A total of $153,064,700 had been issued from the 1998 Authorization. On October 2, 2012, the Board approved Resolution 14, 2012-13, which authorized the issuance of the Sixth or 2012 Refunding Series bonds, not to exceed $98,000,000. On November 13, 2012, the Board approved Resolution 21, 2012-13, which provided for the sale of $84,065,000 Principal Amount for the 2012 Special Tax Refunding Bonds as authorized by Board Resolution 14, 2012-13. The refunding (commonly referred to as refinancing) was an opportunity for significant debt service savings that transpired due to the fact that municipal bond rates were at historically low levels while at the same time certain outstanding bonds were callable starting December 1, 2012 for the first time in the history of EGUSD Community Facilities District #1. The 2012 Special Tax Refunding Bonds provided for the refunding the Series 1998 Bonds maturing December 1, 2013 through December 1, 2028, inclusive, the Series 2001 Bonds Maturing December 1, 2013 through December 1, 2031, inclusive, and the Series 2003 Bonds maturing December 1, 2022 through December 1, 2033, inclusive, and for paying the costs of issuance of the Refunding Series 2012 Bonds. The total principal amount of outstanding special tax bonds that are repaid by the special tax levied on taxable land in the District is $98,009,733.

On November 8, 2016, voters approved the District's first local general obligation bond, Measure M, a $476 million-dollar bond program intended to provide funds for school modernization and construction projects. Proceeds from the sale of the bonds will help provide critically needed funds to repair, remodel or build school facilities within the District. Measure M is a ten-year bond program with bond sales held on a biennial basis beginning with issuance of the Series 1 (2107) bonds in May, 2017, in the amount of $82 million. Series 2 (2019) bonds were issued in February, 2019, in the amount of $121 million. Series 3 (2021) bond were issued in April, 2021, in the amount of $140.5 million.

The majority of the District's capital assets are the land and buildings of the District with the majority of the assets being in the buildings. Buildings comprise approximately 71% of the District's capital assets. The work in progress on District buildings, i.e. modernizations as well as new construction, makes up approximately 10% of the District's capital assets. The land is approximately 10%, land improvements are 6% and equipment is 3%.

District Outlook

EGUSD continues to have variable growth and while past recessions have certainly taken a significant toll on the District, multi-level reforms and innovative strategies have ensured that EGUSD has both the financial means and the staffing resources required to meet its high-quality educational goals as well as professional development objectives. The District's Board, Administration and employee groups have agreed on the following principles pertaining to budgetary decisions and fiscal solvency, which continued through 2021/2022:

1. Maintain Fiscal Solvency
2. Maintain/Evaluate What We Have Built
3. Remain Competitive
4. Build Upon What We Have Already Started
5. Contemplate New Program/Initiatives

These budgetary principles are prioritized to ensure that each condition is met before moving down the hierarchy as budgetary considerations are contemplated. Utilizing these Principles as a lens for making all budgetary decisions assures that the District will make sound and sustainable budgetary decisions. These Principles combined with the District's track record of collaborative problem solving and planning ensures that the future remains bright for our students, teachers, staff and community stakeholders.

Impacts and Effects of COVID-19

The effects of COVID-19 on the District and the community it serves continued through 2021/2022. The restrictive and one-time nature of the COVID-19 relief funding has created its own set of challenges, including multiple new expenditure plans with constant monitoring and oversight. The indirect supports required to support the development of plans, deployment of services, hiring, monitoring and more has come at a time when the District is severely lacking adequate labor. Staffing shortages that began during COVID-19 have been exacerbated and continue to affect the entire district at all levels. This reality may prove to be the biggest challenging facing the district as revenues look to be very positive and the health impacts and restrictions associated with COVID-19 appears to be waning.

The District received three rounds of various COVID-19 relief funds all with their own unique requirements $44 million in Learning Loss Mitigation funds authorized by the Governor's Emergency Education Relief (GEER) funds, CARES Act Coronavirus Relief (CR) Fund and State General Fund which represents the first round of funding. $41 million in Expanded Learning Opportunity grant funds and $22 million in In-Person Instruction Grant funds authorized Assembly Bill 86, COVID-19 relief package and $60 million in Elementary and Secondary School Emergency Relief (ESSER I) Funds authorized by the Coronavirus Aid, Relief, and Economic Security (CARES) Act which made up the second round of funding. The third round and final allocation of funding was authorized as $13 million in Elementary and Secondary School Emergency Relief Fund (ESSER II Fund) authorized by Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) and $134 million in Elementary and Secondary School Emergency Relief Fund (ESSER III Fund) authorized by the American Rescue Plan (ARP) Act. In total the District has received authorized funding of $315 million. These funds are one-time in nature to support the effects the pandemic has had on teaching and learning.

Other Factors Bearing on the District's Future

Following the worst recession since the Great Depression the Elk Grove Unified School District (EGUSD) has experienced multiple years of positive funding. Fortunately, the fears surrounding the economic uncertainty surrounding the impacts of COVID-19 on the federal and state level did not materialize. In fact public education is realizing and influx of funding, the likes of which perhaps no active K-12 practitioners have ever experienced. The District is encouraged with ongoing and effective discussions at the state level and by advocacy groups to increase the base funding amounts in the LCFF as well as the Governor's 2021-2022 budget proposal that includes supplementary funding for public education from the State's general fund above and beyond the LCFF and the Proposition 98 guarantee and this has in fact occurred in multiple back-to-back state budget cycles.

The State's Local Control Funding Formula for school districts entered its ninth year in 2021/2022. The District remains concerned with how the LCFF funds its children with the highest needs and the severe financial impacts the District would incur should the percentage of unduplicated students decline below the critical 55% threshold. With the positive action of the state to provide free meals for all students it has become very challenging to collect income verification from parents, who have no direct motivation to do so, which has put a strain on the District's unduplicated public counts, therefore affecting the District's supplemental and concentration grant funding under the LCFF, the latter of which the District no longer qualifies for.

Other factors impacting the district's future budget include, but are not limited to, rising costs related to annual employee step increases, health care, minimum wage increases, special education growth, increasing unfunded mandates especially for Pre-K special needs students and technology costs. Through negotiations an employer/employee shared cost model for health care costs was implemented for 2012/2013 with employees contributing 20% of cost and the District contributing 80% of the cost. In addition, as a result of negotiations, employees are also eligible to receive a 5% rebate by fulfilling a series of wellness items. The shared cost model and rebate is continuing for 2021/2022 and is expected to continue for the foreseeable future. In addition, wellness items are part of the District's "Your Health, Your Choice – Celebrating Wellness at EGUSD" program. The program seeks to promote and support a healthy work environment, health awareness, individual responsibility for a healthy lifestyle, decreased risk of disease and enhanced quality of life for District personnel. The program provides opportunities, tools and resources that empower personnel to make healthy lifestyle choices.

In Elk Grove Unified, we proudly continue to prepare our students for college and careers in the 21st century. Understanding how to leverage technology in the classroom is part of that discussion. So too is connecting students with real-world experiences. The students graduating from the District will face a variety of changes such as the world of work, volatile world-wide economic ripples, the need to re-think the uses of energy, as well as the expansion of renewable energy sources and an expanding range of technology. We prepare our students to engage in this work, teach them to contribute to a better future and help them to navigate an ever-increasing interconnection of systems.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Elk Grove Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

Reporting Entity: The Board of Education is the level of government which has governance responsibilities over all activities related to public school education in the Elk Grove Unified School District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District and Elk Grove Unified School District Community Facilities District No. 1 (the "Facilities District") have a financial and operational relationship which meet the reporting entity definition criteria of the *Codification of Governmental Accounting and Financial Reporting Standards, Section 2100*, for inclusion of the Facilities District as a component unit of the District. Therefore, the financial activities of the Facilities District have been included in the basic financial statements of the District as a blended component unit (see Note 13).

The following are those aspects of the relationship between the District and the Facilities District which satisfy Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, criteria:

A - Manifestations of Oversight

1. The Facilities District's Boards of Directors were appointed by the District's Board of Education.

2. The Facilities District has no employees. The District's Superintendent and Deputy Superintendent of Business Services and Facilities Administration function act as agents of the Facilities District. Neither individual received additional compensation for work performed in this capacity.

3. The District exercises significant influence over operations of the Facilities District as it is anticipated that the District will be the sole lessee of all facilities owned by the Facilities District.

B - Accounting for Fiscal Matters

1. All major financing arrangements, contracts, and other transactions of the Facilities District must have the consent of the District.

2. Any deficits incurred by the Facilities District will be reflected in the lease payments of the District. Any surpluses of the Facilities District revert to the District at the end of the lease period.

3. It is anticipated that the District's lease payments will be the sole revenue source of the Facilities District.

4. The District has assumed a "moral obligation," and potentially a legal obligation, for any debt incurred by the Facilities District.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C - Scope of Public Service and Financial Presentation

1. The Facilities District was created for the sole purpose of financially assisting the District.

2. The Corporation is a nonprofit, public benefit corporation incorporated under the laws of the State of California and recorded by the Secretary of State. The Authority was created pursuant to a joint powers agreement between the District and the California Statewide Communities Development Authority, pursuant to the California Government Code, commencing with Section 6500. The Facilities District was formed to provide financing assistance to the District for construction and acquisition of major capital facilities. Upon completion the District intends to occupy all Facilities District facilities. When the Facilities District's Certificates of Participation have been paid with state reimbursements and the District's developer fees, title of all Facilities District property will pass to the District for no additional consideration.

3. The Facilities District's financial activity is presented in the financial statements in the Capital Projects Fund. Certificates of Participation issued by the Facilities District are included in the government-wide financial statements.

Basis of Presentation - Financial Statements: The basic financial statements include a Management's Discussion and Analysis (MD & A) section providing an analysis of the District's overall financial position and results of operations; financial statements prepared using full accrual accounting for all of the District's activities, including infrastructure, and a focus on the major funds.

Basis of Presentation - Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Custodial funds are not included in the government-wide financial statements.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term liabilities is considered an indirect expense and is reported separately on the Statement of Activities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation - Fund Accounting: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

A - Major Funds

General Fund: The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Building Fund: The Building Fund is a capital projects fund used to account for resources used for the acquisition or construction of major capital facilities and equipment.

B - Other Funds

Special Revenue Funds: Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. This includes the Student Activity, Charter Schools, Adult Education, Child Development, Cafeteria and Deferred Maintenance Funds.

Capital Projects Funds: Capital Projects Funds are used to account for resources used for the acquisition or construction of major capital facilities and equipment. This includes the Capital Facilities, State School Facilities, Special Reserve for Capital Outlay and Capital Projects Funds.

Debt Service Funds: Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. This includes the Bond Interest and Redemption and Mello-Roos Administrative Funds.

Self-Insurance Fund: The Self-Insurance Fund is an internal service fund used to account for services rendered on a cost- reimbursement basis within the District to provide workers' compensation benefits to District employees. The principal operating revenues for the self-insurance fund are premiums received and related income. Operating expenses for the self-insurance fund include the cost of salaries, benefits, services and claims. All revenue and expenses not deemed as operating are reported as non-operating revenues and expenses.

Trust Fund: The District maintains one trust fund, the Scholarship Fund, which is used to provide financial assistance to students of the District.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting: Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Accrual: Governmental activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual: The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible in the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

Budgets and Budgetary Accounting: By state law, the Board of Education must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Education complied with these requirements.

Receivables: Receivables are made up principally of amounts due from the State of California and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2022.

Stores Inventory: Inventory is stated at cost (average cost) which does not exceed replacement cost. Inventory consists of expendable supplies held for future use in the following period by the District's operating units, transportation supplies, and food held for consumption. Maintenance and other supplies held for physical plant repair are not included in inventory; rather, these amounts are recorded as expenditures when purchased.

Capital Assets: Capital assets purchased or acquired, with an original cost of $10,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at acquisition value for the contributed asset. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 4 - 30 years depending on asset types.

Deferred Outflows/Inflows of Resources: In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding of debt, which is included in the Statement of Net Position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Additionally, the District has recognized deferred outflow of resources related to recognition of the net pension liability and total OPEB liability reported in the Statement of Net Position.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the net pension liability reported in the Statement of Net Position.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP an PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Certain investments are reported at fair value.

	STRP	PERF B	Total
Deferred outflows of resources	$ 104,491,602	$ 31,567,798	$ 136,059,400
Deferred inflows of resources	$ 276,210,000	$ 60,453,000	$ 336,663,000
Net pension liability	$ 217,578,000	$ 146,077,000	$ 363,655,000
Pension expense	$ 24,473,207	$ 14,768,897	$ 39,242,104

Compensated Absences: Compensated absences benefits totaling $17,183,992 are recorded as a liability of the District.

Accumulated Sick Leave: Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable. However, unused sick leave is added to the creditable service period for calculation of retirement benefits for vested STRS and PERS employees when the employee retires.

Unearned Revenue: Revenue from federal, state, and local special projects and programs is recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

Interfund Activity: Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position: Net position is displayed in three components:

1 - Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

2 - Restricted Net Position - Restrictions of the ending net position indicate the portions of net position not appropriable for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted programs represents the portion of net position restricted to specific program expenditures. The restriction for capital projects represents the portion of net position restricted for capital projects. The restriction for debt service represents the portion of net position available for the retirement of debt. It is the District's policy to use restricted net position first when allowable expenditures are incurred. The restriction for trust fund represents the portion of net position restricted for scholarships.

3 - Unrestricted Net Position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

Fund Balance Classifications: Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

A - Nonspendable Fund Balance: The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory.

B - Restricted Fund Balance: The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide and fiduciary trust fund statements.

C - Committed Fund Balance: The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Education. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Education is required to remove any commitment from any fund balance.

D - Assigned Fund Balance: The assigned fund balance classification reflects amounts that the District's Board of Education has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Education can designate personnel within the District to assign fund balances, however, as of June 30, 2022, no such designation has occurred.

E - Unassigned Fund Balance: In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

Fund Balance Policy: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require Districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Board of Education. At June 30, 2022, the District has not established a minimum fund balance policy nor has it established a stabilization arrangement.

Property Taxes: Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Sacramento bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

New Accounting Pronouncements: In June 2017, the GASB issued GASB Statement No. 87, *Leases.* GASB 87 requires the recognition of certain assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this statement a lease is required to be recognized as a lease liability and an intangible right to use lease asset and the lessor is required to recognize a lease receivable and deferred inflow of resources. This statement was originally effective for fiscal years beginning after December 15, 2019, but due to the adoption of GASB 95, the implementation date was extended to reporting periods beginning after June 15, 2021. District management performed an analysis and determined that the implementation of GASB 87 did not have a material impact on the District's financial statements and there was no restatement to beginning net position.

NOTE 2 - CASH AND INVESTMENTS

Cash and investments at June 30, 2022 consisted of the following:

	Governmental Activities	Fiduciary Activities
Pooled Funds:		
Cash in County Treasury	$ 445,915,759	$ -
Cash awaiting deposit	5,945,528	-
Cash with Fiscal Agent	139,368,607	-
Deposits:		
Cash on hand and in banks	5,713,656	53,599
Revolving cash fund	151,244	-
Total	$ 597,094,794	$ 53,599

Pooled Funds: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest bearing Sacramento County Treasury pooled investment fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Cash with Fiscal Agent: Cash with Fiscal Agent represents funds held by Fiscal Agents restricted for bond project expenditures, repayment of Mello-Roos and General Obligation Bonds and Self Insurance claims. The District holds their funds with the Sacramento County Treasurer. The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Deposits - Custodial Credit Risk: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to $250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2022, the carrying amount of the District's accounts was $5,918,499 and the bank balance was $5,905,291. $250,000 of the bank balance was FDIC insured and $5,655,291 remained uninsured, but collateralized.

Interest Rate Risk: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2022, the District had no significant interest rate risk related to cash and investments held.

Credit Risk: The District has adopted the County Treasurer's formal investment policy that limits its investment choices other than the limitations of state law.

Concentration of Credit Risk: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2022 the District had no concentration of credit risk.

NOTE 3 - INTERFUND TRANSACTIONS

Interfund Activity: Transactions between funds of the District are recorded as interfund transfers, except for the Self-Insurance Fund activity which is recorded as income and expenditures of the Self-Insurance Fund and the General Fund, respectively. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds.

Interfund Receivables/Payables: Interfund receivable and payable balances at June 30, 2022 were as follows:

Fund	Interfund Receivables	Interfund Payables
Major Funds:		
General	$ 1,261,517	$ 966,605
Building Fund	89,202	82,571

Depreciation expense was charged to governmental activities as follows:

Instruction	$ 25,092,992

At June 30, 2022, the District had outstanding construction contract commitments of approximately $35.8 million.

NOTE 5 - SELF-INSURANCE

The District is self-insured for workers' compensation. For accounting and reporting purposes, the District has established a separate Self-Insurance Fund for workers' compensation. For the year ended June 30, 2022, the District provides coverage up to a maximum of $500,000 for each workers' compensation claim. The District participates in a public entity risk pool for claims in excess of coverage provided by the Fund (Note 12). In each of the past three years settled claims did not exceed the coverage level provided by the Fund and no claims were made of the excess coverage. There has been no reduction in coverage since the prior year.

The claims liability of $3,634,237 at June 30, 2022 was actuarially determined based on the requirements of Governmental Accounting Standards Statement No. 10. This liability was discounted using an expected future investment yield assumption of 0.5 percent.

(Continued)

NOTE 5 - SELF-INSURANCE (Continued)

Changes in the District's unpaid claims and claim adjustment expenses for the years ended June 30, 2022 and June 30, 2021 were as follows:

	Unpaid Claims and Claim Adjustment Expenses July 1	Incurred Claims	Claims Payments	Unpaid Claims and Claim Adjustment Expenses June 30
2021/2022	$ 4,440,121	$ (1,322,693)	$ 516,809	$ 3,634,237
2020/2021	$ 6,201,294	$ (2,538,599)	$ 777,426	$ 4,440,121

NOTE 6 - LONG-TERM LIABILITIES

Mello-Roos Bonds Payable: A summary of Mello-Roos Bonds payable at June 30, 2022 follows:

Series	Interest Rate	Original Maturity	Balance July 1, 2021	Current Year Issuance	Current Year Maturities	Balance June 30, 2022
1995	4.0 - 6.5%	2024	$ 7,400,000	$ -	$ 1,680,000	$ 5,720,000
2008	6.75%	2036	651,133	-	-	651,133
2012	0.50-4.05%	2033	78,895,000	-	2,130,000	76,765,000
			$ 86,946,133	$ -	$ 3,810,000	$ 83,136,133

The Series 1995, 2008, and 2012 Serial Bonds are authorized pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, and are payable from the proceeds of an annual Special Tax to be levied and collected from property within the District or from escrow accounts in the case of refunding bonds. The Special Tax is to be levied according to the rate and method of apportionment determined by a formula approved by the Board, as the legislative body of the District, and by the registered voters within the District (see Note 13). With the issuance of the 2016 Certificates of Participation in April 2016 the 2008 Mello-Roos Bonds were partially refunded. At June 30, 2022 $651,133 is outstanding related to the 2008 Mello-Roos Bonds.

2025	6,100,000	2,327,925	8,427,925
2026	6,355,000	2,105,663	8,460,663
2027-2031	34,775,000	7,444,467	42,219,467
2032-2036	24,426,133	2,468,306	26,894,439
	$ 83,136,133	$ 19,735,272	$ 102,871,405

General Obligation Bonds: In May 2017, the District issued 2017 General Obligation bonds in the amount of $82,100,000. The proceeds were used to fund specific school facilities projects within the district. The Bonds bear interest at rates ranging from 3.375% to 5.0% and are scheduled to mature through August 2046.

In February 2019, the District issued Election of 2016, Series 2019 General Obligation bonds in the amount of $121,000,000. The proceeds were used to fund specific school facilities projects within the district. The Bonds bear interest at rates ranging from 3.0% to 5.0% and are scheduled to mature through August 2048.

In April 2021, the District issued Election of 2016, Series 2021 General Obligation bonds in the amount of $140,500,000. The proceeds were used to fund specific school facilities projects within the district. The Bonds bear interest at rates ranging from 2.0% to 5.0% and are scheduled to mature through August 2045.

A summary of General Obligation Bonds payable as of June 30, 2022 are as follows:

Series	Interest Rate	Original Maturity	Balance July 1, 2021	Current Year Issuance	Current Year Maturities	Balance June 30, 2022
2017	3.375-5.0%	2047	$ 61,550,000	$ -	$ -	$ 61,550,000
2019	3.0-5.0%	2049	115,300,000	-	8,100,000	107,200,000

	$ 309,250,000	$ 174,797,866	$ 484,047,866

Certificates of Participation: On April 7, 2016, the District issued 2016 Certificates of Participation in the amount of $109,910,000. The proceeds were used to refund $77,515,000 of the District's Mello Roos Bonds of 2003, 2005 and 2008 and issue $30,890,000 of new Certificates of Participation. The Certificates of Participation bear interest at rates ranging from 3.0% to 5.0% and are scheduled to mature through February 2040.

The following is a schedule of the future payments for the 2016 Certificates of Participation:

Year Ending June 30,	Principal	Interest	Total
2023	$ 1,390,000	$ 3,157,069	$ 4,547,069
2024	1,460,000	3,087,569	4,547,569

NOTE 6 - LONG-TERM LIABILITIES (Continued)

Lease liabilities: The District is leasing equipment under long-term lease purchase agreements with capitalized value of $4,385,237 and accumulated depreciation of $2,082,988. The following is a summary of future payments on the capital leases:

Year Ending June 30,	Payment
2023	$ 499,111
2024	499,111
Total payments	998,222
Less amount representing interest	(43,197)
Net present value of minimum payments	$ 955,025

Lease-Leaseback: In February 2019 the District entered into a lease-leaseback agreement to lease real property and improvements, Harriet G. Eddy Middle School, to Public Property Financing Corporation of California and sublease the property and improvements back. The Lease-Leaseback bears interest at 3.0% and is scheduled to mature through February 2040. The following is a summary of future payments on the lease-leaseback:

Year Ending June 30,	Principal	Interest	Total
2023	$ 458,000	$ 424,068	$ 882,068
2024	470,000	393,979	863,979

Payments on the Mello-Roos bonds, Lease-leaseback and Certificates of Participation are made from the Mello-Roos Administrative Fund. Payments on the General Obligation Bonds are made from the Bond Interest and Redemption Fund. Premiums and discounts on bonds are amortized over the life of the related bonds. Payments on the capitalized lease obligation are made from the General Fund. Payments on OPEB and compensated absences are made from the fund for which the related employee worked.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN

General Information about the State Teachers' Retirement Plan

Plan Description: Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at

(Continued)

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

CalSTRS 2% at 60

CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor up to the 2.4 percent maximum.

CalSTRS calculates retirement benefits based on a one-year final compensation for members who retired on or after January 1, 2001, with 25 or more years of credited service, or for classroom teachers with less than 25 years of credited service if the employer elected to pay the additional benefit cost prior to January 1, 2014. One-year final compensation means a member’s highest average annual compensation earnable for 12 consecutive months calculated by taking the creditable compensation that a member could earn in a school year while employed on a fulltime basis, for a position in which the person worked. For members with less than 25 years of credited service, final compensation is the highest average annual compensation earnable for any 36 consecutive months of credited service.

CalSTRS 2% at 62

CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

All CalSTRS 2% at 62 members have their final compensation based on their highest average annual compensation earnable for 36 consecutive months of credited service.

Contributions: Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Current contribution rates were established by California Assembly Bill 1469 (CalSTRS Funding Plan), which was passed into law in June 2014, and various subsequent legislation.

The CalSTRS Funding Plan established a schedule of contribution rate increases shared among members, employers, and the State of California to bring CalSTRS toward full funding by fiscal year 2046. California Senate Bill 90 and California Assembly Bill 84 (collectively the “Special Legislation”), were signed into law in June 2019 and June 2020, respectively, and provided supplemental contributions to the DB Program along with supplemental contribution rate relief to employers through fiscal year June 30, 2022.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan, and the Special Legislation, are as follows:

Members - Under CalSTRS 2% at 60, the member contribution rate was 10.250 percent of applicable member earnings for fiscal year 2021-22. Under CalSTRS 2% at 62, members contribute 50 percent of the normal cost of their retirement plan, which resulted in a contribution rate of 10.205 percent of applicable member earnings for fiscal year 2021-22.

According to current law, the contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1 percent since the last time the member contribution rate was set. Based on the June 30, 2020, valuation adopted by the board in June 2021, the increase in normal cost was less than 1percent. Therefore, the contribution rate for CalSTRS 2% at 62 members did not change effective July 1, 2021.

Employers – 16.920 percent of applicable member earnings. This rate reflects the original employer contribution rate of 19.10 percent resulting from the CalSTRS Funding Plan and subsequently reduced for the 2.18 percentage points to be paid on behalf of employers pursuant to the Special Legislation.

Beginning in fiscal year 2021–22, the CalSTRS Funding Plan authorizes the board to adjust the employer supplemental contribution rate up or down by a maximum of 1% for a total rate of no higher than 20.25% and no lower than 8.25%. In June 2021, the CalSTRS board voted to keep the employer supplemental contribution rate the same for fiscal year 2021–22; it remained at 10.85% effective July 1, 2021.

Through the Special Legislation approved in June 2019 and June 2020, the State made supplemental contributions of approximately $2.2 billion to CalSTRS on behalf of employers to supplant the amounts submitted by employers for fiscal years 2019–20 through 2021–22. Specifically, employers will remit 1.03%, 2.95% and 2.18% less than is required by the CalSTRS Funding Plan for fiscal years 2019–20, 2020–21 and 2021–22, respectively.

The CalSTRS employer contribution rates effective for fiscal year 2021-22 through fiscal year 2046-47 are summarized in the table below:

Effective Date	Base Rate	Supplemental Rate Per CalSTRS Funding Plan	Rate Adjustment Per Special Legislation	Total
July 1, 2021	8.250%	10.850%	(2.180%)	16.920%
July 1, 2022 to June 30, 2046	8.250%	(1)	N/A	(1)
July 1, 2046	8.250%	Increase from prior rate ceases in 2046-47		

(1) The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.250% total and no lower than 8.250%.

The District contributed $59,292,602 to the plan for the fiscal year ended June 30, 2022.

State – 10.828 percent of the members' calculated based on creditable compensation from two fiscal years prior.

(Continued)

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

The state is required to contribute a base contribution rate set in statute at 2.017%. Pursuant to the CalSTRS Funding Plan, the state also has a supplemental contribution rate, which the board can increase by up to 0.5% each fiscal year to help eliminate the state's share of the CalSTRS unfunded actuarial obligation by 2046. In June 2021, the board approved an increase of 0.5% for fiscal year 2021–22, which will increase the state supplemental contribution rate to 6.311% effective July 1, 2021.

Special legislation appropriated supplemental state contributions to reduce the state's portion of the unfunded actuarial obligation of the DB Program in fiscal years 2019-20 through 2022-23. These contributions are funded from future excess General Fund revenues, pursuant to the requirements of California Proposition 2, Rainy-Day Budget Stabilization Fund Act, which passed in 2014. Accordingly, the contribution amounts are subject to change each year based on the availability of funding. For fiscal year 2020–21, CalSTRS received $297.0 million in supplemental state contributions from Proposition 2 funds. Of this total, approximately $170.0 million is designated to cover forgone contributions due to the suspension of the 0.5% increase to the state supplemental contribution rate in fiscal year 2020–21. The remaining $127.0 million is designated to reduce the state's share of CalSTRS' unfunded actuarial obligation.

The CalSTRS state contribution rates effective for fiscal year 2021-2022 and beyond are summarized in the table below.

Effective Date	Base Rate	Supplemental Rate Per CalSTRS Funding Plan	SBMA Funding[(1)]	Total
July 01, 2021	2.017%	6.311%	2.50%	10.828%
July 01, 2022 to June 30, 2046	2.017%	(2)	2.50%	(2)
July 01, 2046	2.017%	(3)	2.50%	(3)

(1) The SBMA contribution rate excludes the $72 million that is reduced from the required contribution in accordance with Education Code section 22954. .
(2) The board has limited authority to adjust the state contribution rate annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation. The board cannot increase the supplemental rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the supplemental contribution rate imposed would be reduced to 0%.
(3) From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	$ 217,578,000
State's proportionate share of the net pension liability associated with the District	129,454,000
Total	$ 347,032,000

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts and the State. At June 30, 2021, the District's proportion was 0.478 percent, which was a decrease of 0.070 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of $24,473,207 and revenue of $36,366,070 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 545,000	$ 23,155,000
Changes of assumptions	30,828,000	-
Net differences between projected and actual earnings on investments	-	172,109,000
Changes in proportion and differences between District contributions and proportionate share of contributions	13,826,000	80,946,000
Contributions made subsequent to measurement date	59,292,602	-
Total	$ 104,491,602	$ 276,210,000

$59,292,602 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2023	$ (46,089,283)
2024	$ (40,672,283)
2025	$ (54,992,784)
2026	$ (61,935,117)
2027	$ (16,285,867)
2028	$ (11,035,666)

Differences between expected and actual experience, changes in assumptions and changes in proportion and differences between District contributions and proportionate share of contributions are amortized over a closed period equal to the average remaining service life of plan members, which is 7 years as of the June 30, 2021 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

Actuarial Methods and Assumptions: The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020 and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2020
Experience Study	July 1, 2015 through June 30, 2018
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2.00% simple for DB, maintain 85% purchasing power for DB, not applicable for DBS/CBB

Discount Rate: The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Mortality: CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the CalSTRS board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

Fixed Income	12	1.3
Risk Mitigating Strategies	10	1.8
Inflation Sensitive	6	3.3
Cash / Liquidity	2	(0.4)

* 20-year geometric average

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
District's proportionate share of the net pension liability	$ 442,910,000	$ 217,578,000	$ 30,556,000

Pension Plan Fiduciary Net Position: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER'S RETIREMENT FUND B

General Information about the Public Employer's Retirement Fund B

Plan Description: The schools cost-sharing multiple-employer defined benefit pension plan Public Employer's Retirement Fund B (PERF B) is administered by the California Public Employees' Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and noncertified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at:

https://www.calpers.ca.gov/docs/forms-publications/acfr- 2021.pdf.

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

Benefits Provided: The benefits for the defined benefit plans are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

Contributions: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when districts first join the PERF B, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to $863 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2022 were as follows:

Members - The member contribution rate was 7.0 percent of applicable member earnings for fiscal year 2021-22.

Employers - The employer contribution rate was 22.91 percent of applicable member earnings.

The District contributed $26,790,798 to the plan for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the District reported a liability of $146,077,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts. At June 30, 2021, the District's proportion was 0.718 percent, which was a decrease of 0.018 percent from its proportion measured as of June 30, 2020.

(Continued)

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

For the year ended June 30, 2022, the District recognized pension expense of $14,768,897. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 4,361,000	$ 344,000
Changes of assumptions	-	-
Net differences between projected and actual earnings on investments	-	56,060,000
Changes in proportion and differences between District contributions and proportionate share of contributions	416,000	4,049,000
Contributions made subsequent to measurement date	26,790,798	-
Total	$ 31,567,798	$ 60,453,000

$26,790,798 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2023	$ (11,615,750)
2024	$ (13,584,750)
2025	$ (14,883,750)
2026	$ (15,591,750)

Differences between expected and actual experience, changes in assumptions and changes in proportion and differences between District contributions and proportionate share of contributions are amortized over a closed period equal to the average remaining service life of plan members, which is 4 years as of the June 30, 2021 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

Actuarial Methods and Assumptions: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020 and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2020
Experience Study	June 30, 1997 through June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.15%
Consumer Price Inflation	2.50%
Wage Growth	Varies by entry age and service
Post-retirement Benefit Increases	Contract COLA up to 2.00% until Purchasing Power Protection Allowance Floor on Purchasing Power applies 2.50% thereafter

The mortality table used was developed based on CalPERS specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90% of Scale MP 2016. For more details on this table, please refer to the 2017 experience study report.

All other actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS' website.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

Asset Class	Long-Term* Assumed Asset Allocation	Expected Real Rate of Return Years (1-10)(1)	Expected Real Rate of Return Years 11+(2)
Global Equity	50%	4.80%	5.98%
Fixed Income	28	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	8	6.30	7.23
Real Estate Assets	13	3.75	4.93
Liquidity	1	-	(0.92)

* 10-year geometric average
(1) An expected inflation rate of 2.00% used for this period.
(2) An expected inflation rate of 2.92% used for this period.

Discount Rate: The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS' website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical and forecasted information for all the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long term (11+ years) using a building-block approach. Using the expected nominal returns for both short term and long term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long- term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.15 percent) or 1-percentage-point higher (8.15 percent) than the current rate:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
District's proportionate share of the net pension liability	$ 246,307,000	$ 146,077,000	$ 62,865,000

Pension Plan Fiduciary Net Position: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS

Plan Description: In addition to the pension benefits described in Notes 8 and 9, the District provides post-employment health care benefits under a single employer defined benefit OPEB plan to all District employees who retired from the District prior to July 1, 2000 with ten years of service, and who immediately entered retirement status. The plan does not issue separate financial statements.

The District's Governing Board has the authority to establish or amend the benefit terms offered by the Plan. The District's Governing Board also retains the authority to establish the requirements for paying the Plan benefits as they come due. As of June 30, 2022 the District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District's Total OPEB Liability.

Employees Covered by Benefit Terms: The following is a table of plan participants at June 30, 2022:

	Number of Participants
Inactive Plan members, covered spouses, or beneficiaries currently receiving benefits	220

Benefits Provided: The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. All salaried employees of the District are eligible to receive postemployment health care benefits. Hourly employees (i.e. non-salaried with variable work hours) are not eligible to receive postemployment health care benefits.

(Continued)

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Contributions: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board. The District will pay the full premium of the lessor of the plans offered for the retiree or retiree and spouse.

Contributions to the Plan from the District were $1,705,839 for the year ended June 30, 2022. Employees are not required to contribute to the OPEB plan.
Total OPEB Liability

The District's total OPEB liability was measured as of June 30, 2021.

Actuarial Assumptions: The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Value of Assets	Market Value
Mortality Rate	PERS - 2017 California PERS experience study. STRS - 2020 experience study.
Discount Rate	2.16%. Based on the Bond Buyer 20-Bond Index, as published by the Federal Reserve.
Assumed Investment Return	Not applicable since the plan is unfunded.
Retirement Rate	No assumption due to lack of future retirees.
Inflation Rate	2.50% per year
Salary Increases	No assumption due to lack of future retirees.
Administrative Expenses	None.
Dependent Coverage	Current retirees are valued based on elected coverage.
Health Plan Participation	No assumption due to lack of future retirees.
Medicare Coverage	All participating retirees and spouses will qualify for Medicare coverage and enroll in Parts A and B upon age 65.
Health Care Inflation	4.00% per year
Termination Rate	No assumption due to lack of future retirees.

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates: The following presents the Total OPEB Liability of the District, as well as what the District's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	1% Decrease (3.0%)	Healthcare Cost Trend Rates Rate (4.0%)	1% Increase (5.0%)
Total OPEB liability	$ 10,823,507	$ 11,624,895	$ 12,523,064

For the year ended June 30, 2022, the District recognized OPEB expense of $529,309.

$856,297 reported as deferred outflows of resources related to benefits paid subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2023.

NOTE 11 - ELK GROVE BENEFITS EMPLOYEE RETIREMENT TRUST

Trust Description: Elk Grove Benefits Employee Retirement Trust (EGBERT) was established February 20, 1996 as an irrevocable trust pursuant to an agreement by and between the Elk Grove Education Association, the American Federation of State, County and Municipal Employees, the Amalgamated Transit Union, the Psychologists and Social Workers Association and Elk Grove Unified School District. EGBERT was established to provide health and welfare benefits as defined in Sections 3543.2 and 53200 of the Government Code through a Health and Welfare Plan (Plan) for the retired eligible employees of the District and their eligible dependents on an insured or self-funded basis through a trust qualified as non-profit under Section 501(c)(9) of the Internal Revenue Code as a Voluntary Employees' Beneficiary Association.

Participation in EGBERT is limited to District employees and District board members who qualify pursuant to appropriate board policies, and their respective dependents. Additionally, District employees who are not subject to the terms of a collective bargaining agreement, but who otherwise qualify for retirement health benefits pursuant to District policy, can participate in EGBERT.

Health care benefits consist of medical, dental and vision insurance coverage. Under the current agreement, EGBERT will provide lifetime health care benefits for qualified retired employees of the District who retire on or after July 1, 2000.

The District does not retain any obligation for benefits in the event of the trust insolvency. The District contributed $856,297 to EGBERT for the year ended June 30, 2022.

NOTE 12 - JOINT POWERS AGREEMENTS

Schools Insurance Authority: The District is a member with other school districts of a Joint Powers Agreement, Schools Insurance Authority, for the operation of a common risk management and insurance program for property and liability coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage in the prior year.

The following is a summary of financial information of Schools Insurance Authority at June 30, 2021:

Total assets	$ 217,113,543
Total deferred outflows	$ 1,855,968
Total liabilities	$ 87,859,871
Total deferred inflows	$ 751,640
Total net position	$ 130,358,000
Total revenues	$ 73,201,625
Total expenditures	$ 57,783,763
Change in net position	$ 15,417,862

The relationship between the District and the Joint Powers Authority is such that the Joint Powers Authority is not a component unit of the District for financial reporting purposes.

NOTE 13 - ELK GROVE UNIFIED SCHOOL DISTRICT COMMUNITY FACILITIES DISTRICT NO. 1

At an election held April 28, 1987 pursuant to the Mello-Roos Community Facilities act of 1982 of the California Government Code, registered voters within the boundaries of the District authorized the issuance of $70,000,000 principal amount of special tax bonds ("the Bonds") to finance certain elementary and secondary school facilities, including classroom and related buildings, student transportation equipment, and student support facilities, and also approved a maximum rate and method of apportionment of a special tax to pay for the principal and interest on the Bonds. At a subsequent election held on March 10, 1998, registered voters within the boundaries of the District authorized the issuance of an additional $205,000,000 principal amount of special tax bonds for the same purposes, and approved a maximum tax rate and method of apportionment of a special tax to pay for the principal and interest on bonds issued (see Note 6).

The County of Sacramento acts as agent for the District in collecting taxes, which are forwarded to the District for debt service and included in the County's agency funds with a corresponding liability recognized for the amounts due to the Facilities District bondholders. Construction projects are recorded in the District's capital project funds.

(Continued)

NOTE 14 - CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

Also, the District has received federal and state funds for specific purposes that are subject to review or audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedule: The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Education to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

Schedule of Changes in Total Other Postemployment Benefits (OPEB) Liability: The Schedule of Changes in Total OPEB Liability is presented to illustrate the elements of the District's Total OPEB Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available. The District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District’s Total OPEB Liability.

Schedule of the District’s Proportionate Share of the Net Pension Liability: The Schedule of the District’s Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District’s Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of District Contributions: The Schedule of District Contributions is presented to illustrate the District’s required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Changes of Benefit Terms: There are no changes in benefit terms reported in the Required Supplementary Information.

Changes of Assumptions: The discount rate used to calculate the District’s OPEB liability was 3.87, 3.5, 2.2 and 2.16 percent in the June 30, 2018, 2019, 2020 and 2021 actuarial reports, respectively.

The discount rates used for the Public Employer's Retirement Fund B (PERF B) was 7.50, 7.65, 7.65, 7.15, 7.15, 7.15, 7.15 and 7.15 percent in the June 30, 2013, 2014, 2015, 2016, 2017, 2018, 2019 and 2020 actuarial reports, respectively.

The following are the assumptions for State Teachers' Retirement Plan:

Elk Grove Unified School District was established in 1959 through the unification of smaller school districts. The District is a political subdivision of the State of California. The District covers 320 square miles within the City of Elk Grove, the City of Sacramento, the City of Rancho Cordova and unincorporated areas of Sacramento County. There were no changes in the boundaries of the District during the year. The District operates 40 elementary schools (grades K-6), nine middle schools (grades 7-8), nine comprehensive high schools (grades 9-12), three continuation high schools, one special education school, one adult school, one independent studies program, one charter school and one virtual school.

The Board of Education of Elk Grove Unified School District governs all activities related to public education within the jurisdiction of the District. The Board receives funding from local, State and federal government sources and must comply with the concomitant requirements of these funding source entities. Elk Grove Unified School District is governed by an elected seven member Board of Education. The board members represent seven geographic areas and are elected at large for four year terms and elections are held every two years. The Board has the decision making authority and is accountable for all fiscal matters relating to the District.

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Average Daily Attendance: Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time: The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District, and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

Schedule of Expenditure of Federal Awards: The Schedule of Expenditure of Federal Awards includes the federal award activity of Elk Grove Unified School District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Expenditures are recognized following cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10-percent de minimus indirect cost rate allowed under Uniform Guidance.

Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements: This schedule provides the information necessary to reconcile the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis – Unaudited: This schedule provides trend information on the District's financial condition over the past three years and its anticipated condition for the 2022-2023 fiscal year, as required by the State Controller's Office. The information in this schedule has been derived from audited information.

Schedule of Charter Schools: This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

Schedule of First 5 Revenues and Expenditures: This schedule provides information about the First 5 Sacramento County Program.

NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14502 requires certain disclosure in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the year ended June 30, 2022, the District did not adopt this program.

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Elk Grove Unified School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the state laws and regulations referred to above for the year ended June 30, 2022.

Basis for Qualified Opinion on Compliance with State Laws and Regulations

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of the *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* (Audit Guide). Our responsibilities under those standards and the Audit Guide are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

(Continued)

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

As described in Finding 2022-002 in the accompanying Schedule of Audit Findings and Questioned Costs, Elk Grove Unified School District did not comply with requirements regarding Attendance Reporting. Compliance with such requirements is necessary, in our opinion, for Elk Grove Unified School District to comply with the requirements referred to above.

Other Matter

Elk Grove Unified School District's response to the finding identified in our audit is included in the accompanying Schedule of Audit Findings and Questioned Costs. Elk Grove Unified School District's response was not subjected to auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's government programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Audit Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

(Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Purpose of this Report

The purpose of this report on compliance is solely to describe the scope of our testing of compliance and the results of that testing based on the requirements of the *State of California's 2021-22* State of California's *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Education
Elk Grove Unified School District
Elk Grove, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Elk Grove Unified School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Elk Grove Unified School District's basic financial statements, and have issued our report thereon dated December 7, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Elk Grove Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Elk Grove Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Elk Grove Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

We identified a deficiency involving internal control that we communicated to management as identified in the accompanying Schedule of Audit Findings and Questioned Costs as finding 2022-001.

(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Elk Grove Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Elk Grove Unified School District's Response to Finding

Elk Grove Unified School District's response to the finding identified in our audit is included in the accompanying Schedule of Audit Findings and Questioned Costs. Elk Grove Unified School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE FIRST 5 SACRAMENTO COUNTY PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH A PROGRAM-SPECIFIC AUDIT

Board of Education
Elk Grove Unified School District
Elk Grove, California

Report on Compliance

Opinion on First 5 Sacramento County Program

We have audited Elk Grove Unified School District's compliance with the types of compliance requirements described in the Program Guidelines for the First 5 Sacramento County Program that have a direct and material effect on its First 5 Sacramento County Program for the year ended June 30, 2022.

In our opinion, Elk Grove Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its First 5 Sacramento County Program for the year ended June 30, 2022.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the First 5 Sacramento County Program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the First 5 Sacramento County Program Guidelines will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the government program as a whole.

(Continued)

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the First 5 Sacramento County Program Guidelines, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the First 5 Sacramento County Program Guidelines, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of the First 5 Sacramento County Program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of the First 5 Sacramento County Program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of the First 5 Sacramento County Program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of First 5 Sacramento County Program Guidelines. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE

Board of Edication
Elk Grove Unified School District
Elk Grove, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Elk Grove Unified School District's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Elk Grove Unified School District's major federal programs for the year ended June 30, 2022. Elk Grove Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Elk Grove Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Elk Grove Unified School District's and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Elk Grove Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Elk Grove Unified School District's federal programs.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Elk Grove Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Elk Grove Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Elk Grove Unified School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Elk Grove Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Elk Grove Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

.

(Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS

2022-001 DEFICIENCY – VACATION ACCRUAL (30000)

Criteria: Vacation accrual is governed by collective bargaining contracts as well as board policies 4162, 4262 and 4362. All contracts and board policies prohibit accumulation of vacation days in excess of the stated maximums.

Condition: As of June 30, 2022, there are approximately 963 employees who exceed the maximum days permitted by policy, by a total of approximately 31,534 excess days, representing an excess vacation accrual of $6,671,034.

Effect: Increase liability to the district, to be paid in future years based on the over accrual.

Cause: The District is not enforcing policy and contract language regarding vacation accrual.

Fiscal Impact: At June 30, 2022, the excess vacation accrual is $6,671,034.

Recommendation: This is a repeat finding identified in the 2020-21 Audit Report as Finding 2021-001. The District should enforce the requirements set in the collective bargaining contracts and District policy.

Views of Responsible Officials and Planned Corrective Action: The District is continuing to work on a way to enforce the accrual policy and limit hours that can be accrued by stopping the accrual when it reaches a maximum level. The issue will be discussed during the upcoming negotiations with employee groups.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No matters were reported.

SECTION IV - STATE AWARD FINDINGS AND QUESTIONED COSTS

2022-002 DEFICIENCY – ATTENDANCE REPORTING (10000)

Criteria: Attendance Accounting and Reporting in California Public Schools, Title 5, CCR, Sections 401 and 421 (b) and Education Code Sections 44809 - Each LEA must develop and maintain accurate and adequate records to support attendance reported to the State.

Condition: At Stone Lake Elementary School and James Rutter School Middle School, two students were improperly claimed for apportionment, for one day, resulting in an overstatement of 0.01 ADA.

Effect: The effect of this finding is an overstatement of 0.01 ADA.

Cause: The errors were the result of clerical errors in accounting for attendance.

Fiscal Impact: The error is below 0.50 ADA, therefore there is no fiscal impact.

Recommendation: This is a repeat finding identified in the 2020-21 Audit Report as Finding 2021-001. The District should obtain and maintain appropriate attendance records to be in compliance with attendance requirements.

Views of Responsible Officials and Planned Corrective Action: District staff will continue to perform site visits to review attendance documentation and provide training to assist in ensuring attendance compliance with state requirements.

STATUS OF PRIOR YEAR

FINDINGS AND RECOMMENDATIONS

2021-001 DEFICIENCY – VACATION ACCRUAL (30000)

Condition: As of June 30, 2021, there are approximately 989 employees who exceed the maximum days permitted by policy, by a total of approximately 30,698 excess days, representing an excess vacation accrual of $6,341,803.

Recommendation: This is a repeat finding identified in the 2019-20 Audit Report as Finding 2020-001. The District should enforce the requirements set in the collective bargaining contracts and District policy.

Current Status: Not implemented.

District Explanation if Not Implemented: Repeat finding. See current year finding 2022-001.

2021-002 DEFICIENCY – ATTENDANCE REPORTING (10000)

Condition: Twenty-two students were marked as present, however were absent as indicated by notes or logs. Nineteen students sampled in the Attendance and Distance Learning compliance procedures were missing weekly engagement records for one or more of the periods sampled.

Recommendation: The District should obtain and maintain appropriate attendance records to be in compliance with the state requirements for each pupil attending.

Current Status: Not implemented.

District Explanation if Not Implemented: Repeat finding. See current year finding 2022-002.
