# Local Control Accountability Plan (LCAP) 2021-2022

**Principal:** PATRICIA HECHT

**County-District-School (CDS) Code:** 34673146033112

**Elk Grove Unified School District  
Elk Grove, California**

\*Meets E.C. 64001 Requirements for a Single Plan for Student Achievement

## Goal Setting

### State Priorities

**Conditions of Learning:**

- Priority 1 - Compliance with Williams criteria - instructional materials, teacher assignments and credentials, facilities
- Priority 2 - Implementation of SBE adopted academic content standards, including programs and services for ELs to access the Common Core and ELD standards
- Priority 7 - Access, including for subgroups, to a broad course of study

**Pupil Outcomes:**

- Priority 4 - Pupil Achievement - statewide assessments, API, completion of A-G requirements, CTE sequences and AP courses, EL progress toward proficiency, college preparation (EAP)
- Priority 8 - Pupil outcomes in specified subject areas

**Engagement:**

- Priority 3 - Parental involvement
- Priority 5 - Pupil engagement - attendance, dropout and graduation rates
- Priority 6 - School climate - suspension and expulsion rates, etc.

### Strategic Goals

**Goal 1: High-Quality Classroom Instruction and Curriculum**

- All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

**Goal 2: Assessment, Data Analysis, & Action**

- All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

**Goal 3: Wellness**

- All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

**Goal 4: Family and Community Engagement**

- All students will benefit from programs and services designed to inform and involve family and community partners.

### Stakeholder Engagement

| <b>Involvement Process for LCAP and Annual Update</b>  |
| <p><b>How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?</b></p> <hr/> <p>Sierra Enterprise Elementary School , School Site Council met and discuss the the transition to distance learning and the LCAP. They met on 9/14 and 10/10 to discuss changes that might need to be made to support distance learning. The School Site Council met again on March 24 to discuss the goals for the upcoming school year and review the data that would support the decision making for the new goals. The school site staff, (including teachers and para-educators) attended staff meetings on 9/21 and 10/5 to provide input on the LCAP. On 10/19, 1/11 and 1/25 staff provided data and information on how the LCAP was working via distance learning. On 3/8, the meeting focused on the upcoming school year and data that would support changes to the LCAP or justification for keeping the goals the same. May 5th our school site council accepted the LCAP in draft form as a working model for planning. Teachers and parents discussed the goals and accountability measures in the LCAP. Our ELAC committee met on 5/12/2021 and reviewed the plan. The ELAC committee had sent over suggestions to SSC earlier in the year and during the 5/12 meeting were able to view the goals and see that the suggestions they provided were honored.</p> |
| <b>Impact of LCAP and Annual Update</b>  |
| <p><b>How did these consultations affect the LCAP for the upcoming year?</b></p> <hr/> <p>During the course of the meetings with SSC and staff, there were several changes that needed to be made to the LCAPP. Many goals need to be adjusted to add distance learning to the goal or adjust the goal to accommodate the needs of student during distance learning. The adjustments also included the addition of Culturally Responsive Education and the bring back Dr. Hollie to provide additional training. This was important because both staff and SSC reflected on the social issues in society over the past and the need to provide additional training in this area. Parents provided perspective on such platforms as Seesaw and because of their comments, it was critical that Seesaw be continued in our goals for next year. It was also asked by parents to include technology classes during the Parent University. Normally, only ELA and Math are the focus but based on the past year, parents wanted more technology instruction.</p>   |

### Resource Inequities

|  |
|--|
| <b>Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.</b>   |
| <p>Both the School Site Council and staff, noted in early September, that students that struggled with internet access were not able to take full advantage of the instruction provided by teachers. It was also evident that teachers needed to re-tool them selves for the new realities of distance learning. Both of these realities were the focus of the few months of school. It took many months before conversations around Explicit Direct Instruction and Culturally Responsive instruction could occur. It was decided to keep all goals from the previous LCAP to gather data once students returned to in-person learning. It was also evident that the most neediest students were still struggling with access to the curriculum. Parents also provided comments about distance learning, lack of consistent internet connection and the lack of understanding around Zoom</p> |

made it difficult to support their children. Most all parents wanted more information on google classroom.

**Site Goal 1.1**

Students will receive Common Core Instruction 100% of the time based on administration observation forms and teachers will receive professional learning opportunities and professional development during the academic school year in order to implement CCSS instruction using professional learning opportunity sign in sheets for accountability. The focus of all instructional professional learning opportunities and professional development will be based in the work of Explicit Direct Instruction.

### Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site's goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.
