Stakeholder Engagement

1. Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

Our staff worked together to review and analyze last year's LCAP plan and it's impact on students as it relates to the Eight State Priorities and EGUSD's Strategic Goals. The Leadership Team met throughout the year to discuss actions and services that would appropriately support students and teaching. Staff was provided a survey to seek input for goal setting for 2023-2024 school year. Our PBIS Team met weekly to track student discipline data and both teams completed the PBIS Fidelity Inventory to assess our progress towards our
Our Vice Principal met periodically throughout the year with our English Language Learner Community targeted on how we can best serve our EL Students and seeking stakeholder input that drives the LCAP planning process. Our School Site Council reviewed Castello's data related to EGUSD's Strategic Goals and our progress toward these goals. The Council provided input and suggestions based on student need. This, in conjunction with ongoing and continued conversations with all stakeholders, has provided valuable input for creating this year's LCAP. The following were opportunities for stakeholders to be a part of the planning process for this LCAP/Annual Review and Analysis:

- Castello Grade Level Leadership Team Meetings on 8/15/22, 9/12/22, 10/10/22, 10/31/22, 12/5/22, 1/9/23, 2/27/23, 3/20/23, 4/10/23, 5/1/23
- School Site Council on 10/6/22, 12/14/22, 1/11/23, 5/2/23, 5/18/23
- ELAC on 9/20/22, 1/31/23, 5/18/23
- Staff Survey in April 2023
- EGUSD Parent, Staff and Student Surveys Fall 2022 Spring 2023
- Continual input sought through ongoing stakeholder and parent communication through: zoom meetings, parent nights, awards assemblies & school functions

### 2. Impact of LCAP and Annual Update

**How did these consultations affect the LCAP for the upcoming year?**

The ongoing inclusion of our stakeholders allowed them to provide meaningful input which we were able to integrate into our LCAP. This process also allowed us to gather feedback from stakeholder groups that had not previously participated in the school plan development process.

The following items were discussed and considered for our 2023-2024 LCAP goals:

- During a discussion with the School Site Council on January 11, 2023 we discussed goal setting and how the projected increase in test scores was projected. Team decided to set high expectations of growth for all categories of students.
- During a Leadership Meeting teams discussed the appropriateness of using Illuminate data as pre and post markers for grade level SMART goals. After consulting with CPL the idea of using a different pre-assessment that would more closely align to the summative, trimester assessment data provided by the District.

**Site Goal 2.2 (SiteGoalID: 6196) (DTS: 02/10/23)**
All students will be assessed within the first six weeks of the beginning of school, and then later on assessed at the end of each trimester. Assessments will be given to determine present levels in students as well as their progress towards becoming proficient with the Common Core State Standards as well as ELD State Standards for our English Learners. Teachers will use this data to create small groups for differentiated instruction and plan future lessons to address student deficits.

We will use the completion rate percentages from 2022-2023 Illuminate District assessments to create goals for 2023-2024 by Beginning of the Year (B.O.Y.) completion rates, Trimester 1 completion rates, and Trimester 2 completion rates. The students included in these rates are General Education and Special Education, including those in self-contained classrooms. Our goal for the 2023-2024 school year is to have a completion rate of 95% or higher.

### Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site’s goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.
