Stakeholder Engagement

1. Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

The Maeola R. Beitzel Elementary School stakeholders collaborated together to review and analyze student performance results on the 2021-22 CAASPP results. We looked at the impact of the actions outlined in the plan as they related to the state and EGUSD's four strategic goals. The School Site Council, ELAC, and Leadership teams met throughout the year to discuss actions, progress monitor implementation efforts and to provide feedback in the services that appropriately support students and teaching. Beitzel conducted a Tiered
Fidelity for PBIS and the results were discussed and shared out with staff, Leadership Team, and School Site Council.

During ELAC and SSC meetings, site data was shared, discussed and members’ feedback was solicited for all four strategic goals.

Our school consulted with our Educational Partners; Staff, School Site Council, ELAC, and Parents at; Title I Parent meetings, and LCAP input meetings. Meetings were held on:

- School Site Council: 9/29/2022, 12/01/2022, 02/09/2023, 04/13/2023, 5/25/2023
- ELAC Meeting: 11/03/2022, 01/26/2023, 06/01/2023
- LCAP Input Meeting: 9/29/2022, 12/01/2022, 02/09/2023, 04/13/2023, 5/25/2023
- Title I Parent Meeting: 07/18/2022, 08/16/2022
- Staff Meeting: 07/25/2022, 08/22/2022, 09/12/2022, 10/03/2022, 11/28/2022, 01/09/2023, 01/30/2023, 02/27/2023, 04/03/2023, 05/01/2023, 06/05/2023
- Leadership Meeting: 08/08/2022, 09/19/2022, 10/24/2022, 11/14/2022, 01/23/2023, 03/13/2023, 04/17/2023, 05/15/2023, 06/20/2023

2. Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

Based on 2022-2023 LCAP needs survey results from parents, students, and teachers, we will continue to find ways to support our social emotional learning and school-wide PBIS program by adding professional development such as Zones of Regulation to maintain a safe school and effective learning environment. We will continue to provide release time for grade-level teams to collaborate and plan. We will purchase and train teachers on using the intervention curriculums and purchase para-educator support to give teachers opportunities to teach small group intervention in the classrooms. Because our overall SBAC scores of students meeting or exceeding standards (overall) have declined for four years in a row (Math. ELA, EL), we will continue supporting an AIT teacher, for the purpose of English Language Arts intervention and coaching as opposed to Math AIT. We will increase library time to help increase student fluency rate and accuracy. Finally, we will continue to provide collaborative time for grade-level teams analyze data results. The needs of Beitzel Elementary School were discussed in the Winter and Spring (#1) School Site Council Meetings. The 2023-24 LCAP was reviewed and approved by the School Site Council on May 25, 2023.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Our needs analysis revealed a resource inequity regarding chronic absenteeism for Filipino students. In 2023-2024 we plan on utilizing our FACE (Family & Community Engagement) liaison (Provided by EGUSD) to contact families regarding chronic absenteeism and chronic lateness.

Site Goal 2.2   (SiteGoalID: 6151) (DTS: 02/10/23)

The staff at Beitzel Elementary School will function as Professional Learning Communities which base instructional and planning decisions on analysis of student data and discussion. We look to provide opportunities for all grade level teams to meet regularly to operate as a high functioning PLC to share best practices and participate in cycles of inquiry to analyze data, set goals, create lessons, and identify best practices to close and eliminate achievement gaps.

To use assessment data to make impactful and actionable instructional and interventional decisions in support of student learning as measured by:

- **Students in grades K-6 completing common grade level formative and summative assessments that allow teacher teams to identify areas of need and deficits. Assessment protocol and materials that meet the needs of the range of instructional learners in the classroom.**
