IV. Goals, Actions and Services

Sierra Enterprise Elementary | Focused Work: 2022-2023

Goal Setting

State Priorities

Conditions of Learning:

- Priority 1 - Compliance with Williams criteria - instructional materials, teacher assignments and credentials, facilities
- Priority 2 - Implementation of SBE adopted academic content standards, including programs and services for ELs to access the Common Core and ELD standards
- Priority 7 - Access, including for subgroups, to a broad course of study

Pupil Outcomes:

- Priority 4 - Pupil Achievement - statewide assessments, API, completion of A-G requirements, CTE sequences and AP courses, EL progress toward proficiency, college preparation (EAP)
- Priority 8 - Pupil outcomes in specified subject areas

Engagement:

- Priority 3 - Parental involvement
- Priority 5 - Pupil engagement - attendance, dropout and graduation rates
- Priority 6 - School climate - suspension and expulsion rates, etc.

Strategic Goals

Goal 1: High-Quality Classroom Instruction and Curriculum

- All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

Goal 2: Assessment, Data Analysis, & Action

- All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

Goal 3: Wellness

- All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

Goal 4: Family and Community Engagement

- All students will benefit from programs and services designed to inform and involve family and community partners.

Stakeholder Engagement

Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

During the staff meetings held in December, January and February, staff discussed first and second trimester data. Illuminate data was shared and grade level teams discussed skill gap areas and growth areas. From this discussion, staff came up with needs based on the data.

The LCAP was presented in March and goals were discussed. From that discussed, staff made goal change recommendations and goal additions or funding additions that should be made for the upcoming year.

On December 1st, during the ELAC meeting, Ms. Lal reviewed the current LCAP and explained the process for updating the actions or interventions in the LPAC. On April 13, during the ELAC meeting, Ms. Lal took

suggestions from the committee and/or parent email communication about LPAC changes or additions. The list was sent to SSC for review.
 On March 23, 2022 School Site Council reviewed the LCAP and heard the changes staff and parents wanted to make. SSC also presented goal changes.
 On April 20th, 2022, School Site Council approved the LCAP.

Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

Teachers were able to share that assessments goals should include the Illuminate System. Teachers also asked for time to create vertical articulation meetings.
 Staff and parents wanted to add more mental health time, if funding was allowed. Parents also wanted to make sure that the goals we could not complete due to COVID stayed in the plan. The staff also wanted to keep the book study time in place. Staff also wanted to keep professional development, professional learning and other collaborative activities that could not happen because of COVID.
 School Site Council wanted to explore adding language classes and additional support for parents that need translated services.
 Teachers wanted new grade level novels and additional AIT time to focus on upper grade students.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Due to transportation schedules, late buses and lack of busing, students did not always receive a full day of instruction.
 Staff shared that having coaches and administration in the classrooms teaching or covering for absent para-educators for 90% of the year, made it difficult to receive coaching, constructive feedback and support. The lack of substitute coverage also made it difficult to implements Instruction and Assessment goals.
 Parents were concerned that the problem has continued for one school year and if there was a plan to address these needs for the upcoming school year.

EL coordinator will assist in the coordination of the EL program. The following duties will assigned to the EL coordinator: identification and placement of students. re-designation, RFEP monitoring and support of ELAC meetings. ELPAC coordinator duties would be responsible for the assessment of students using initial and summative ELPAC. Both positions can be compensated out of EL supplemental funds but at this time, Administrators will be responsible for both positions. No funding will be needed at this time.

John Hattie's effect size data shows that the higher the effect size will allow students a higher opportunity for learning and support. Mastery of Learning 0.58 Additional research is based on school site data that shows that when programs have a coordinator, 100% of the time the programs are implemented and completed. When there isn't a coordinator or point person, 68% of the time items are completed with-in the timeline.

ELPAC completion rates will be used to determine ELPAC testing. ELAC meetings will use meeting sign-ins with a goal of 10 parents in attendance by the second trimester. RFEB monitoring will use RFEB monitoring lists, CASSP tests will be used to assist in monitoring growth..
