Approved by the Elk Grove Unified School District Board of Education on _

*Meets E.C. 64001 Requirements for a Single Plan for Student Achievement

Goal Setting

State Priorities

Conditions of Learning:

- Priority 1 - Compliance with Williams criteria - instructional materials, teacher assignments and credentials, facilities
- Priority 2 - Implementation of SBE adopted academic content standards, including programs and services for ELs to access the Common Core and ELD standards
- Priority 7 - Access, including for subgroups, to a broad course of study

Pupil Outcomes:

- Priority 4 - Pupil Achievement - statewide assessments, API, completion of A-G requirements, CTE sequences and AP courses, EL progress toward proficiency, college preparation (EAP)
- Priority 8 - Pupil outcomes in specified subject areas

Engagement:

- Priority 3 - Parental involvement
- Priority 5 - Pupil engagement - attendance, dropout and graduation rates
- Priority 6 - School climate - suspension and expulsion rates, etc.

Strategic Goals

Goal 1: High-Quality Classroom Instruction and Curriculum

- All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

Goal 2: Assessment, Data Analysis, & Action

- All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

Goal 3: Wellness

- All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

Goal 4: Family and Community Engagement

- All students will benefit from programs and services designed to inform and involve family and community partners.

Stakeholder Engagement

Involvement Process for LCAP and Annual Update
<p>How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?</p> <hr/> <p>Gathering of input for the 2020-21 school year began in October 2019. Parent and Community Stakeholder groups have been provided opportunities to discuss the LCAP and LCFF at monthly PTA meetings, school events, and through completed surveys. Discussion on SMART goals that target student needs via our Professional Learning Communities (PLC/HEAT) have taken place weekly during early-out Wednesdays. SSC meetings were held on October 29, 2019, December 19, 2019, April 23, 2020, June 3, 2020 and September 24, 2020. ELAC meetings were held on October 29, 2019, January 16, 2020, May 7, 2020 and September 29, 2020 to develop our 3 year plan. Electronic surveys were sent to families, students, and staff and data collected January thru March of 2020. Data from surveys was prioritized at a collaborative meeting and shared at grade level and staff meetings January 28, 2020, February 29, 2020, April 29, 2020 and at a PBIS team meeting on December 12, 2019. The SCC discussed and conducted an annual review on June 3, 2020 and drafted a preliminary budget and finalized the plan on September 24, 2020.</p>
Impact of LCAP and Annual Update
<p>How did these consultations affect the LCAP for the upcoming year?</p> <hr/> <p>Through these consultations, parents encourage the continued professional development of our teachers and staff around culturally responsive teaching strategies, extended day support, intervention time, and parent trainings. In addition, they indicated the continued support of all students to remediate and excel through after school programs, GATE/enrichment practices, and English Language services. Parents and stakeholders want the continuance of School-wide PBIS with a focus on bullying education and prevention. Increased professional development and supports for students who have experienced trauma. More technology available to more students with additional teacher training on teaching with technology and student learning through technology. Additional funds were allocated based on stakeholder priorities.</p>

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.
Please provide a description.

<p>Update, renew library software as needed. Purchase multi-media materials, software, web based academic or diagnostic programs, culturally responsive materials and library supplies and books from district approved list.</p> <p>Provide supplementary resources, opportunities and supplies to fully implement common core state standards including technology, Math Generation implementation, copying, replacement parts, service agreements, and paper.</p>	<p>Technology ushers in fundamental structural changes that can be integral to achieving significant improvements in productivity. Used to support both teaching and learning, technology infuses classrooms with digital learning tools, such as computers and hand held devices; expands course offerings, experiences, and learning materials; supports learning 24 hours a day, 7 days a week; builds 21st century skills; increases student engagement and motivation; and accelerates learning. Technology also has the power to transform teaching by ushering in a new model of connected teaching. This model links teachers to their students and to professional content, resources, and systems to help them improve their own instruction and personalize learning. https://www.ed.gov/oii-news/use-technology-teaching-and-learning</p> <p>Research supports that working equipment provides students higher levels of access to supplemental supports and technology than non-functional equipment.</p>	<p>Collaborative team will review and analyze grade level SMART goals each trimester following PLC procedures. Purchase supplies, technology, software, and resources, to support student learning and proficiency with CCSS from district approved lists.	Meeting the demands of today’s world requires a shift in assessment strategies to measure the skills now prized in a complex global environment. The Partnership for 21st Century Skills believes that such a shift is vital to the widespread adoption of 21st century skills in our schools. We must move from primarily measuring discrete knowledge to measuring students’ ability to think critically, examine problems, gather information, and make informed, reasoned decisions while using technology. In addition to posing real world challenges, such assessments should accept a range of solutions to a task. http://www.p21.org/storage/documents/21st_Century_Skills_Assessment_paper.pdf	Student progress on licensed technology and software will be reviewed annually. The collaborative team will determine the continuation and/or discontinuation of current software. Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site's goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.

Funding supports intervention teachers and para-educators, teacher collaboration, professional development opportunities (PLC), and release time to benefit all students.

Funding supports SWPBIS to benefit all students

Funding supports parent involvement opportunities to benefit all students.
