- All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

**Goal 2: Assessment, Data Analysis, & Action**

- All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

**Goal 3: Wellness**

- All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

### Stakeholder Engagement

<b>Involvement Process for LCAP and Annual Update</b>
<p><b>How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?</b></p> <hr/> <p>The EPMS School Site Council met on September 4, October 2, February 5 and April 14. The School Site Council provided feedback into the 2019-20 LCAP and assisted with goal development on February 5 and April 14.</p> <p>In October 2019, staff, students, and parents of EPMS had the chance to provide their feedback into the 2020-21 LCAP.</p> <p>In January 2020, parents had the opportunity to provide feedback to the principal in relation to goals and student issues at EPMS.</p> <p>In February 2020, the LCAP survey results were shared with the School Site Council and additional input was solicited.</p> <p>The EPMS ELAC Committee met in April 2020 and were informed of the LCAP and parents provided input into the plan.</p> <p>In February 2020, the EPMS staff had the chance to submit budget requests related to the four strategic goals in the LCAP.</p>
<b>Impact of LCAP and Annual Update</b>
<p><b>How did these consultations affect the LCAP for the upcoming year?</b></p> <hr/> <p>All data was compiled and much of it confirms what we are currently doing. Minor revisions will be made using the data. Teachers requested time with colleagues to plan and more Chromebooks. Both of these will be written into the plan. We will also continue to work on making EPMS a safe environment as this was a concern from parents, students, and staff.</p>

### Resource Inequities

<b>Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.</b>
<p>The staff at EPMS has found the use of Chromebooks to be valuable. Not all teachers have access to Chromebooks at all times and must use a sign-up systems. This can inhibit how teachers have students access content and how students are able to demonstrate their knowledge.</p>

### Goals, Actions, and Progress Indicators

## Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site's goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.

EPMS has below 40% of enrollment of unduplicated pupils. The most economical use of funds is to include low performing and struggling students into intervention classes, utilize the PLC model to make curriculum accessible for all, and to create tutoring opportunities outside the school day to assist students. In addition, honors, AVID, and high school linked electives are available to all students.
